I am writing this letter to show support for the Civilian Review Board. I feel that the ordinance changes are needed in order to help them function properly. Without the changes they can not be there for the citizens. We need police accountability and need to ensure the safety of the people. The CRB should receive all civilian complaints alongside the Police Department so they can review side by side.

I am also in favor of more training of the CRB so they can effectively review and investigate cases.

Please support the ordinance changes.
