Please explain why you are interested in serving on this board/commission?	I am interested in serving on a board/commission to contribute to the city in which I live. I would like to be more involved on the local level to encourage young people that their input in local and state government is incredibly impactful. I am interested in many different boards/commissions because of the work experience I have with different topics.
Why do you believe you are a good fit for this board/commission?	As the Deputy Director of Policy for House Democrats at the Connecticut General Assembly, I believe I am a good fit to serve on whichever Board/Commission for which I am selected. My deep involvement in policy making decisions, relationship building with

	people regardless of political party, critical thinking skills to find solutions that are not obvious and my passion for state service makes me a good fit to serve the City of New Haven.
Do you have any time commitments that would prevent you from participating in the board/commission meetings?	I do have time commitments with work primarily during the legislative session. During Session, it may be more difficult to attend in-person meetings but I would do my best to make accommodations for board/commission meetings.
