The City of New Haven sits between the cities of New York and Boston. New Haven serves as a major hub and is connected to New York City by Metro North commuter rail, and the Shoreline East Commuter Rail serving the Connecticut Southeast Shoreline into New Haven Union Station. Amtrak commuter & freight railway provides New Haven Service South through New York City to Washington DC and Northeast to Boston, MA. New Haven is the largest deep-water port in CT and commodity wise, the busiest port in CT with a mix of private and governmental holdings. It has the strongest consumer market and most varied cargo mix. The Port of New Haven and its petroleum industry is critical to the oil supply and economic welfare of the Northeast. New Haven Terminal which ships 10 million tons of cargo annually and handles 70% of all the home heating oil, gasoline, diesel, jet fuel, ethanol and biodiesel entering the northeast. New Haven shares with two other Northeast ports the storage of 850,000 barrels of oil for the National Strategic Oil Reserve. It is the only Port that attracts private fuel dispensing and storage facilities, including a major 100-mile Buckeye Fuel Supply Pipeline to the Air National Guard in both Bradley International Airport and West Dover AB in Massachusetts. It also supplies jet fuel to commercial carriers at Bradley International Airport. With a cluster of highways, railroads and public transit systems, New Haven is a longstanding center of a regional transportation hub. The City of New Haven is located on Long Island Sound in New Haven County, which comprises the outer- limits of the New York metropolitan area. Our highway infrastructure, the intersection of Interstate 95 and Interstate 91,

merge together at the foot of the new expansive Pearl Harbor Memorial Bridge in the middle of the City of New Haven. This critical junction serves as a gateway to New England. This infrastructure system has nowhere to further expand as our highways are built adjacent to the waterfront. New Haven is home to Yale University and the major Yale-New Haven Health System. The city further host the site of the Smilow Cancer center at Yale. This 14-story premier cancer hospital is one of the top premier cancer institute's in the country. Yale New Haven Health System accounts for 2 major hospitals that include one of Connecticut's two Level 1 Trauma Facility's and an advanced Children's Hospital serving the entre Northeast. It has one of the busiest medical helicopter programs with a roof top landing pad 16 stories above the city's skyline. Yale University in addition to an international group of students and faculty, is involved in a significant amount of research and development in one of its 1368 city laboratories. New Fire Department serves as a first response area to Tweed New Haven (HVN) Regional Airport. Serving private and commercial airline flights connecting to all destinations throughout the United States and Puerto Rico.

Do you currently report to the National Fire Incident Reporting System (NFIRS)? You will be required to report to NFIRS for the entire period of the grant. **Yes**

Please enter your FDIN/FDID. **06160**

Do you offer live fire training? **Yes**

What is the total number of live fire training exercises conducted per year on average? **48**

basic level in the city's commercial ambulance provider.

The City of New Haven's inability to implement this initiative without this grant arises solely from a lack of local funding. The continued financial distress of the city is pressing. The \$569,115 million general fund budget for FY 2023-24 reflects an increase of \$8,183,001, or 1.52 percent, while the capital budget is proposed at \$79 million, an 18 percent increase. State grants and Payment In Lieu of Taxes (PILOT) for non-taxable property are 42% of the budget and 8% is derived from other fees. Continued budget constraints are creating safety issues. Tax-exempt properties in the city are a staggering 50% of the New Haven Grand List which continue to make it difficult to fund budgets over what was allotted in previous years which creates significant financial distress for the NHFD. The Fire Department annual budget increases have remained at close proximity for the past several years covering contract obligations and due to rising benefit and personnel overtime costs year over year, and over 90% of the budget is solely dedicated to personnel costs. It is 7% of the City's budget; our benefit rate of 59.5% is extremely high due to pension and ever-growing health care costs. We have looked to secure other funding initiatives which has been unsuccessful and public safety seems to be always pushed to the back seat, including ARPA funding. This tight FD budget leaves very little room to find money for needed equipment purchases though it is an identified existing risk in our City. We work with our commercial ambulance transport provider recovering paramedic intercept fee's as a part of EMS billing reimbursements. The city has about \$55 million in previously issued debt. New Haven has tried to claw back to gradually increase our credit rating with the 3 credit agencies including Moody's, Fitch, and Standard & Poor's. Unfortunately, the Connecticut FY 22/23 State budget continued to reduce PILOT reimbursements to the city creating catastrophic issues. This resulted in a credit agency downgrade as well and city is now again searching for cuts. The City's continued high tax rate dramatically impairs the City's ability to

support the public interest. Economics and population are driving demand for public services to unsustainable costs. At the same time the City is vulnerable and the 2nd most at risk in the state for economic and social crisis. 19% of the entire State's homeless population is found in New Haven and 26% live below the median poverty line. An at-risk population that firefighters are aware of and deal with daily. New Haven currently has the 3rd highest effective mill rate in the State of Connecticut. We have increased all of our city fees with no avail to NHFD. The City is self-insured and our accumulated deficit in the Self Insurance Fund is over \$17 million. The impact medical benefits have for city employees on the budget is a cause of concern; currently there is a \$4 million deficit for the \$102 million in medical benefit expenditures. We have implemented containment initiatives on health care yet despite these initiatives' costs continue to rise by 42% over the last six years and this financial distress is forcing unprecedented cuts. One of those cuts being previously evaluated was an attempt to eliminate the Paramedic program to reduce manpower in the department and utilize a commercial provider failed to provide tangible results. These are unprecedented decisions to reduce manpower with skyrocketing pension costs by 84% in the last 10 years. New Haven will always have an inability to fund public safety budgets beyond basic personnel and OT costs. The large community service needs of our population combined with dwindling revenue it difficult to any purchase or replace equipment. Without the AFG grant program we would not be able to afford what we consider this critical operational and safety equipment needs for our high-risk city.

In cases of demonstrated economic hardship, and upon the request of the grant applicant, the FEMA Administrator may grant an Economic Hardship Waiver. Is it your organization's intent to apply for an Economic Hardship Waiver?

No

Is your department facing a new risk, expanding service to a new area, or experiencing an increased call volume? **Yes**

Please explain how your department is facing a new risk, expanding service to a new area, or experiencing an increased call volume.

The New Haven Fire Department has faced an increase of just over 1,000 calls for service. This places additional wear on apparatus, increased liability, and increased risk to members responding to these alarms.

Please describe your organization and/or community that you serve. **The New Haven Fire Department was organized in 1862 and responds to all fire, medical, marine, and many levels of technical and specialty response incidents totaling over 34,000 annual calls. Over the last 3 years the department has seen a 12% call volume increase. NHFD also responds to HAZMAT incidents within 30 towns of CT Region 2 area which includes serving as the Western Division of New Haven Area Special Hazards Team, which is a regional hazardous materials response team. Personnel are equipped and trained to handle fires, EMS, technical rescue, hazardous-materials response and maritime rescue. On shift at any time are 72 Personnel on 10 Engine Companies, 4 Ladder Trucks, 1 Heavy Rescue, 1 Special Operations Command Unit, 3 Paramedic Units, 2 Battalion Chiefs, and 1 Deputy Chief who serves as the**

Shift Commander overseeing 10 Fire Stations. The department handles all first response calls to EMS incidents using all 10 engine companies, and three paramedic units. The department does not transport patients and utilizes a commercial ambulance service. The department operates a 36' marine vessel, used for emergency response is docked in New Haven Harbor and staffed when needed by a four-man engine company stationed in Fire Headquarters. Given the very high population density rate in New Haven, this creates a challenging response for our firefighters. The city has many triple decker's located in several old tight neighborhoods throughout the city, with many in these older areas have houses built literally on top of one another. A robust inspection program ensures compliance with all codes and ordinances. 26% of the population in New Haven is living below the poverty line. Crime levels vary dramatically among New Haven's neighborhoods. The area's transportation assets include the Port of New Haven which serves shared interests in the region. Other major facility protection is required for the Westville Outdoor Music Bowl, and the 80,000 seat Yale Bowl. Although the City population stands at 135,081. The daily population rises to almost 250,000 daily as New Haven has 2 major universities, 3 colleges, a major hospital network, biotechnology companies, a cancer research and treatment hospital, and a robust business community. Tweed New Haven Regional Airport is also located within the city that we provide first response coverage, with commercial airlines serving the U.S. and Puerto Rico. The New Haven Fire Department operates a regional fire training facility that is currently utilized by most of the State of Connecticut because of a lack of such facilities. The department is also responsible for the reception center as a HOST Community to the Millstone Nuclear Power Plant. Responsibilities include Incident Command, Vehicle and Resident monitoring for radiation contamination and all decontamination operations for up to 25,000 residents of Lyme, Old Lyme and East Lyme CT. New Haven is only 20 square miles but is extremely densely populated at over 6900 residents per square mile. There are 54,967

housing units in New Haven with a 5% vacant rate. The NHFD has a fully staffed Fire Prevention, Fire Education and Fire Marshal's Bureau. They are responsible for all fire prevention, fire inspection, and fire investigations. New Haven has 41 public schools, and over 24,000 students including city and inter-district magnet schools. The City also has 5 Universities and colleges with over 25,000 students.

SF-424B: Assurances - Non-Construction Programs

OMB Number: 4040-0007

Expiration Date: 02/28/2025

Certain of these assurances may not be applicable to your project or program. If you have any questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or

regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).

6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee- 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
7. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally-assisted construction subagreements.
10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
