October 18, 2024

Honorable Tyisha Walker-Myers  
President, New Haven Board of Alders  
165 Church Street  
New Haven, Connecticut 06510

Dear President Walker-Myers:

As Alder of Ward 3, I respectfully submit the attached communication to request the designation of Porter Street located from Legion Avenue to the end of Porter Street, be designated as a “Residential Parking Only” zone. Nonresidents utilizing street parking to patronize the area leave residents with little or no parking available to them.

The residents in the area have signed the enclosed petition with the above-mentioned request, and believe this would ease parking issues for area residents who are presently struggling with a shortage of on street parking in the vicinity. Residential parking permits would improve the quality of life in this community by reducing traffic hazards, noise, and improve parking availability for residents by limiting or restricting parking. In addition, it gives residents priority over available parking spaces. Gaining access to their homes can be critical for some residents when returning home during the late evening or transporting items.

I believe this recommended change would improve the needs of area residents concerning safety and easy access to equitable parking and would be of significant benefit to the entire community.

I urge the Traffic Authority to approve this proposal.

Sincerely,

ANGEL HUBBARD  
Alder, Ward 3
