Are you currently employed by the City of New Haven or the New Haven Public School System?

Yes No

Why are you interested in serving on a Board or Commission?

My family and I have benefitted from the work and dedication of other people who have given of their time and efforts to public service. I have been approached with this opportunity to serve on the Board of Ed, and I would like to do my part to serve my community, particularly the students and families in the New Haven Public Schools.

Why do you believe you would be a good fit for your selected Board and Commissions?

First, I bring almost 12 years of experience of navigating the school system on behalf of my two sons who are NHPS students. I believe that as a parent, I would be able to advocate for students and families. Second, I have also served on school PTOs, SPMTs, and district-level committees in the NHPS system. I am aware of some of the challenges school staff, teachers, school administrators, and the Superintendent of Schools and district staff contend with in their efforts to serve our city's students. Third, I believe in public education and I believe New Haven has the resources to can create a high-achieving school district that will better serve its students. I am convinced that the key to the success of NHPS will be collaboration and communication. When the BOE and Superintendent set measurable goals for improvement, work together collegially and collaboratively to honestly evaluate the progress toward those goals, and adjust its plans based on those honest evaluations, I believe our schools will improve and our students will benefit.

Do you have any time commitments that would prevent you from participating in the board/commission meetings?

No. I will make every effort to attend BOE and committee meetings.
