<b>&lt;b&gt;New Haven Boards &amp; Commissions Listed&lt;/b&gt;</b>	Board of Public Health
<b>Please explain why you are interested in serving on this board/commission?</b>	One of the most critical things a city can do is protect for the health of all its citizens. I have been living in New Haven for years, and I'm excited at the prospect of pitching in to help in whatever way I can. When I was contacted by Dr. Hadler, the current chair of this commission, to ask about my interest, I reviewed the online minutes of the commission and a recent presentation by Director Bond. I am convinced that this is a commission that makes a difference in the city.
<b>Why do you believe you are a good fit for this board/commission?</b>	I have been a practicing pediatrician in New Haven for the past 19 years, and have a deep commitment to the children of New Haven and their families. I understand the health structure/system well, and have examined health care delivery measures. I care deeply about equitable access to health and medical care. And, as a

	primary care doctor and as a pediatrician, I know early prevention is key to maintaining lifelong health.
<b>Do you have any time commitments that would prevent you from participating in the board/commission meetings?</b>	To my understanding these are monthly on Wednesday evenings from 5:30-7, and I have no conflicts with that time.
