Please explain why you are interested in serving on this board/commission?	I live in New Haven which is great City. My vision for the city is it being viable and beautiful. That is why I am interested in promoting environmental practices that will keep the city clean, healthy and beautiful. I am also an advocate of pollution prevention, which sometime goes unseen. Pollution prevention is a very cost effective way to keep our land, air and water clean - and keep people healthy (and happy).
