ORDER AUTHORIZING THE MAYOR TO SIGN AN AMENDED AGREEMENT AND ANY SUBSEQUENT AMENDMENTS WITH DIVERSIFIED TECHNOLOGY CONSULTANTS TO PROVIDE SHOP DRAWINGS & CONSTRUCTION ADMINISTRATION/CONSTRUCTION SUPPORT SERVICES FOR THE REPLACEMENT OF THE STATE STREET BRIDGE OVER THE MILL RIVER, BRIDGE NO. 03748 (City Engineer)

Whereas, The City has completed the plans and specifications for the replacement of the State Street Bridge over the Mill River, and;

Whereas: The construction of the State Street Bridge was started in June 2009 and is in serious condition based upon an in depth inspection by the Department of Transportation of the State of Connecticut, and;

Whereas: Said improvements include the demolition of the existing bridge, replacement of the bridge, new drainage and reconstruction of the approaches to the bridge, and;

Whereas: The funds for the construction and inspection of the bridge are being funded by utilizing 80% Federal and 20% State funds under the Surface Transportation Program for a total estimated cost of \$7.775 million, and;

Whereas: The State requires the designer of the bridge, DTC, to provide Shop Drawings Construction Administration/Construction Support Services for the replacement of the State Street Bridge over the Mill River, and any design modifications as a result of unforeseen field conditions, and;

Whereas: The initial agreement with DTC for Administrative and Support services was less than \$100,000.00, and;

Whereas: The unforeseen conditions involved the sensitivity of an existing 42-inch water line, relative to the installation of sheet piling and contaminated ground water found on the east side of the bridge, it is expected that the cost of these services by DTC will exceed the original estimated professional services contract for Administrative and Support services in excess of \$100,000.00 and more than one year,

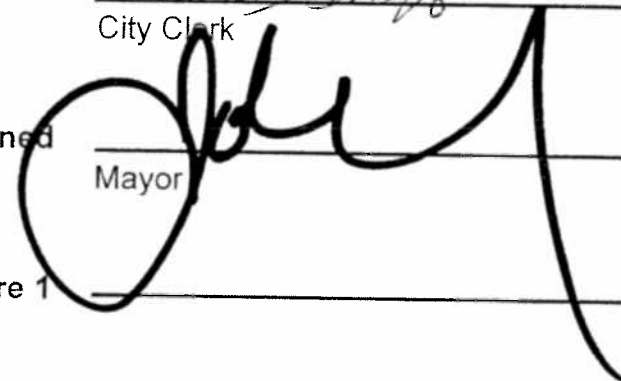

NOW, THEREFORE BE IT ORDERED, that John DeStefano, Jr., Mayor be authorized to sign an amended agreement and any subsequent amendments entitled "Agreement By and Between the City of New Haven and Diversified Technology Consultants, Inc. to provide Shop Drawings & Construction Administration/Construction Support Services for

the replacement of the State Street Bridge over the Mill River Bridge No. 03748, in an aggregate amount no greater than \$200,000.00 (two hundred thousand dollars) and over a period ending on April 19, 2013.

final action has been taken for this legislative file.
