**Giovanni Zinn, P.E.**  
City Engineer

### **Executive Summary**

#### **Orange St Safety Improvements – Connecticut Department of Transportation – Local Transportation Capital Improvement Program**

The City of New Haven proposes to improve the safety of Orange St by constructing safety measures such as bumpouts, islands, speed tables, and pavement treatments to provide inducement for drivers to reduce their speed. This will significantly change the character of Orange St, emphasizing slow speed driving, active transportation, and most centrally pedestrian safety. The project will cover Orange St from Humphrey St to Cold Spring/Mitchell Drive.
