To Whom It May Concern:

This is to confirm that Mr. Rodney Huff, DOB 8/9/1965, is a patient at Aids Healthcare Foundation. He is being treated for the following conditions: Hypertension, Diabetes, Asthma and HIV. His conditions are noted to be permanent. He is currently taking multiple medications including insulin which requires being stored in a refrigerator. He also uses a nebulizer to assist his breathing to care for his Asthma. He resides at ~~140-32 159th Street, Jamaica, NY 11434.~~

1864 Ella T. Grasso Blvd New Haven, CT
06511

It is very important for Mr. Huff to have ongoing electricity to maintain good hygiene as this is essential for maintaining a healthy lifestyle in the care of his chronic conditions.

For any further information, please contact the clinic at the above information
