

EXECUTIVE SUMMARY

Grant Name: Implementing a Public Health Approach to Address Community Violence

DEPARTMENT: Community Resilience

DATE: April 4, 2025

Funding request: Up to \$1,000,000, from September 1, 2025 through June 30, 2027

The Department of Community Resilience is seeking a violence prevention grant from the Connecticut Department of Public Health. This funding opportunity was released on March 31, 2025. With this funding opportunity of up to \$1,000,000, the Office of Violence Prevention under the Department of Community Resilience would be able to continue its collaborative partnerships with community-based organizations that are deeply engrained within New Haven. The overarching goal of this funding opportunity is to address gun violence as the public health crisis that it is, and work amongst our partners to take a criminal violence intervention and public health approach to reducing gun violence, crime and victimization.
