June 24<sup>th</sup>, 2022

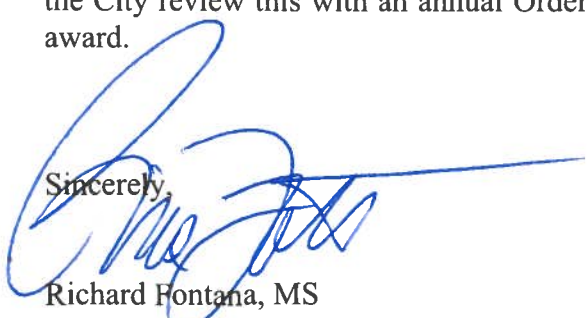

New Haven Board of Alders  
165 Church Street  
New Haven, CT 06510

Dear Alders,

I am writing to request that the Board of Alders authorize acceptance of 2021 Emergency Management Performance Grant for fiscal year 2022. Each year the City is allocated funds for emergency preparedness. For FY 21/22 the allocation is \$68,469.45 which shall be used to supporting all hazards emergency management mission areas. This funding provides framework and reimbursement for activities necessary for the preparedness, prevention, response, and recovery missions required for the City Department of Emergency Management and Homeland Security. This grant has no matching requirements and funding is provided after completion of the required quarterly reports submitted by the Office of Emergency Management.

The State of Connecticut Department of Emergency Management Homeland Security provides funding to maintain emergency management functions in the City of New Haven. Prior to this year these funds were authorized during the Special Fund Budget Cycle and Chapter 11 Civil Emergency Management, Section 11-5 through its Cooperation Clause. The State has now asked the City review this with an annual Order so we respectfully request approval of the 2021-2022 award.

Sincerely,

  
Richard Fontana, MS  
Emergency Management Director
