NEW HAVEN CITY PLAN COMMISSION ADVISORY REPORT

RE: APPROPRIATING Ordinance #1 an Ordinance making appropriations for operating City of New Haven departments for the fiscal year July 1, 2025, through June 30, 2026.

Submitted by: Shannon McCue, City Budget Director

REPORT: 1664-15

ADVICE: Approve

BACKGROUND

The proposed **\$703.7 million budget** represents an increase of \$24.6 million, or 3.6 percent, from the previous year's budget. Complementing the General Fund budget, also submitted was a proposed Capital Budget of \$60 million (which is done once every other year) and a proposed Special Revenue Funds budget of \$62.6 million (which is largely federal grants).

At a time of tremendous uncertainty, confusion, and chaos coming from the *federal government* in Washington, D.C. with threats of federal funding freezes in the current budget year and the potential for draconian cuts in the coming year, the proposed budget demonstrates a commitment to continuing to chart a different course in New Haven.

The proposed FY 2025-26 budget follows five consecutive years of balanced budgets and budget surpluses, which has resulted in approximately \$50 million in budget reserve funds and bond rating upgrades by independent financial rating agencies. In recent years, this has enabled New Haven to expand city services and programs related to public safety, housing, education, youth programming and employment, parks, and transportation, among other areas.

For this coming year, however, given all the uncertainty surrounding federal funds, the proposed budget maintains the current level of city services across departments and covers rising fixed costs, but that refrains from significant new financial commitments.

This Ordinance in particular codifies the operating expenses of City Departments such that:

Ordained by the New Haven Board of Alders that the sums hereinafter enumerated are hereby appropriated for the operating expenses of the Departments, Boards, Agencies and Commissions of the City of New Haven for the period July 1, 2025, through June 30, 2026, as follows:

PLANNING CONSIDERATIONS

The budget proposal for Fiscal Year 2025-2026 is in alignment with Vision 2025, the City's Comprehensive Plan, from the standpoint of:

- Growing public safety measures;
- Supporting Board of Education goals to reduce high school dropout rates, engage the community in students' learning, and academically and financially prepare students to succeed;
- Growing career pathways for local high school students and enhancing before/after school care programming of community-based facilities to further promote community building and economic development.

As a general point, in its review of the annual budget, the Commission has historically made note of issues relating to the Comprehensive Plan and the operation of the City Plan Department and does not take a line-by-line review of the budget overall. The City Plan Department notes that the proposed FY 2025-2026 budget aims to maintain the current level of city services across departments given the current uncertainty in federal funding opportunities.

ADVICE

Recommend approval.
