By linking the production of affordable housing to private market development, this inclusionary zoning policy aims to expand the supply of affordable housing. The effect is to foster mixed-income communities and create housing choice in high-opportunity areas. This policy will support the provision of safe and affordable housing options in areas of opportunity, especially for communities that have been historically marginalized, including low-income and communities of color.

(2) Mapped area. The boundaries of the IZO and its tiered areas are established on the map entitled “INCLUSIONARY ZONING: Overlay District and Markets for Payment in Lieu of Creating Affordable Housing”(the “Map”).In order to accurately reflect changes in housing market conditions, the City Plan Commission shall prepare and adopt updates to the Map every three (3) years. In addition, every calendar year, no later than February 1, the Commission shall, submit to the Mayor any recommended amendments to the in-lieu fee schedule, which subject to final adoption by the Board of Alders, shall take effect no later than July 1 of the calendar year. The Map is available in the New Haven Affordable Housing Manual and is on file and available for public inspection with the City Plan Department and the Livable City Initiative (as staff to the Affordable Housing Commission). The IZO is comprised of two sub-districts:

Core Market. The Core Market represents locations where the majority of new market-rate development is occurring as of the effective date, rents are highest, and where the majority of new market-rate development is anticipated.

Strong Market. The Strong Market represents areas that have potential to support new market-rate development today and in the immediate future.

j. IZ Affordable Unit requirements.
