

## **Susan Clemens – Professional Bio**

I went to Wesleyan, and I worked in the Broadcast for 25 years. I have lived in New Haven since 1977 and have loved this community and built a family here. I got a B.A. in economics at Wesleyan. I have contributed to my community through organizing. I am familiar with Broadcast. I have worked all throughout the industry for 25 years in Connecticut including Casey 101, WABZ, WKCI, WPLR, and 11 years at WBIC in advertising. I love my community and family. This has empowered me to want to help the animal shelters and create a positive impact in New Haven.
