Executive Summary

New Haven Church St South Promenade – Connecticut Department of Transportation - Transportation Alternatives Program Grant

The New Haven Church St South Promenade Project seeks to create a better pedestrian connection between Union Station, the Hill, and Downtown by construction a wide pedestrian path on the east side of Church St South from Union Avenue to South Frontage Road. The path will be approximately 20' wide, with a 10' separation from roadway traffic. The promenade will connect into future development at Union Square and create a clear direction for visitors to New Haven arriving at Union Station.
