Please explain why you are interested in serving on this board/commission?	I am interested in serving in the cities youth commission because the City of New Haven needs to hear the fresh opinions of students. As a active social and climate activist having a position in the youth commission can further voice the opinions of those in my school district and community.
Why do you believe you are a good fit for this board/commission?	I am a good fit for the city's youth commission due to my voluble and adaptive communicative skills that can come into play when discussing and formulating ideas. With this ability, I can further convince and resonate opinions, helping to communicate perspectives that would otherwise have had a perceived notion. In addition, having had experience working in the city's purchasing department, I have developed a sharper understanding of how the

	city's government works than the average applicant, which comes in handy already knowing board members positions and duties.
Do you have any time commitments that would prevent you from participating in the board/commission meetings?	N/A
