Interests & Experiences

Please tell us about yourself and why you want to serve. Please attach any of the follow:

Resume, Curriculum Vitae (CV), Professional Bio, or a Statement of Interest.

[ReyesJennifer-Yale-CV1-01-2026.pdf](#)

Upload a Resume

If not submitting a Resume or CV, please submit a ~150 word Statement of Interest as to why you are interested in serving on your selected boards/commissions. If you have uploaded a resume OR you are seeking reappointment, you can write n/a.

I am newly arrived to New Haven as a faculty member in the Department of Emergency Medicine at the Yale School of Medicine, and also a faculty member with their Hospice and Palliative Department, and am passionate about the care of vulnerable populations, in particular at the end of life, and I believe that serving this population in a civic capacity would be valuable. I just moved to New Haven and will be registering to vote shortly.

Question applies to Board of Public Health

Do you have a doctorate (MD, DMD, etc) in a medical science field? If so, from what school?

MD, MPH, University of Miami School of Medicine, Class of 2020

Why are you interested in serving on a board or commission?

My work in both the emergency department as well as in the world of hospice and palliative medicine happens in clinical spaces, but our patients are firstly citizens and residents of New Haven, and understanding their social context is vital to their overall health. I believe that in serving the city and these patients, I can make meaningful contributions to the overall welfare of residents of the city.

Why do you believe you would be a good fit for your selected board and commission(s)?

Based on my work and credentials, I believe I have the expertise as well as the clinical capacity in my dual roles at the Yale School of Medicine to offer unique perspectives.

Do you have any time commitments that would prevent you from participating in board/commission meetings? Meeting times can be found by visiting newhavenct.gov/boards, but most are usually once a month for 1-2 hours.

No

Demographics

Some boards and commissions require membership to be politically proportionate, per State Statute on minority party representation (CGS § 9-167a). What is your political affiliation on your voter registration (i.e Democrat, Republican, Unaffiliated, Independent, etc)?

Democrat

In order to stay compliant with our city's charter, are you registered to vote in New Haven?

Yes No

We strive to maintain diversity in all of our Boards and Commissions. These questions are optional and if you volunteer the information we will only use it to ensure that our boards and commissions are diverse.

Ethnicity

Asian or Pacific islander

Gender

Female

How did you hear about serving on our Boards & Commissions?

Why are you interested in serving on a board or commission?

I am interested in serving on a board or commission because my academic background and
hands-on experiences have shown me how meaningful community impact happens through
collaborative leadership and informed decision-making.

Why do you believe you would be a good fit for your selected board and commission(s)?

I believe I'm a strong fit because I bring a combination of leadership, service, and real-world experience. My work in employee engagement, political organizing, and election services has strengthened my communication, organization, and collaboration skills. As a certified sexual assault crisis counselor and advocate, I approach issues with empathy, accountability, and a strong commitment to equity. I am dependable, community-focused, and eager to contribute thoughtfully to decisions that impact others while continuing to learn and grow through service.

Why are you interested in serving on a board or commission?

I am interested in serving on a board or commission because I have lived in New Haven my entire life and care deeply about the future of the city and its residents. Growing up in the inner city gave me firsthand experience with both the challenges and the potential within our communities. I want to be more involved in helping shape decisions that impact housing, development, public spaces, and opportunities for residents. Serving on a board would allow me to give back, represent voices that are often underrepresented, and contribute in a meaningful way to the growth and improvement of New Haven.

Why do you believe you would be a good fit for your selected board and commission(s)?

I believe I would be a good fit because I bring both lived experience and professional experience. I have spent over ten years working in construction, which has given me a strong understanding of development, infrastructure, project planning, and how decisions on paper affect real communities in practice. At the same time, having grown up in New Haven, I understand the social and economic realities many residents face. This combination allows me to approach issues with both technical knowledge and community awareness. I am reliable, collaborative, and committed to making thoughtful decisions that balance growth, equity, and long-term impact for the city.

If not submitting a Resume or CV, please submit a ~150 word Statement of Interest as to why you are interested in serving on your selected boards/commissions. If you have uploaded a resume OR you are seeking reappointment, you can write n/a.

n/a

Why are you interested in serving on a board or commission?

I am interested in representing CitySeed as a key partner in the revival of the New Haven Food Policy Council. As a food justice advocate and 6+ year resident of New Haven, I care deeply about supporting the City to make informed decisions about ways to support local growers and increasing food accessibility.

Why do you believe you would be a good fit for your selected board and commission(s)?

I have managed the farmers markets in New Haven for 4+ years and have developed a deeper understanding of the needs of some of the food insecure residents in New Haven and accessibility to fresh, locally grown food. I am most recently managing CitySeed's farm to institution program, which connects Connecticut farms to food businesses, clinics, schools, and universities to create a more thriving food system.

Do you have any time commitments that would prevent you from participating in board/commission meetings? Meeting times can be found by visiting newhavenct.gov/boards, but most are usually once a month for 1-2 hours.

Demographics

Some boards and commissions require membership to be politically proportionate, per State Statute on minority party representation (CGS § 9-167a). What is your political affiliation on your voter registration (i.e Democrat, Republican, Unaffiliated, Independent, etc)?

Democrat

In order to stay compliant with our city's charter, are you registered to vote in New Haven?

Yes No

We strive to maintain diversity in all of our Boards and Commissions. These questions are optional and if you volunteer the information we will only use it to ensure that our boards and commissions are diverse.

Why are you interested in serving on a board or commission?

I am interested in serving on a board or commission because I believe meaningful change happens when community members step into leadership roles that shape policy, priorities, and access to resources. Throughout my career working with youth and families, I have seen how local decisions directly influence opportunities, support systems, and long-term outcomes. I am motivated to contribute at a level where advocacy and action intersect. Serving on a board allows me to move beyond individual-level support and help strengthen the systems that impact young people collectively. I value collaboration, accountability, and community voice, and I believe boards play a critical role in ensuring that decisions reflect the real needs of residents. I am especially drawn to public service roles that center prevention, equity, and youth empowerment. Being part of a commission would allow me to contribute to thoughtful decision-making while learning from other community leaders who share a commitment to New Haven's growth and well-being.

Why do you believe you would be a good fit for your selected board and commission(s)?

I believe I would be a strong fit for the Youth Commission because my career has been centered on supporting young people and strengthening the systems around them. As a Licensed Clinical Social Worker, I have worked in schools, community agencies, higher education, and reentry programs, giving me a broad understanding of the challenges youth face across different stages of development. I have provided direct counseling, crisis intervention, and group programming, while also partnering with families, educators, and community stakeholders to create coordinated support systems. My research and clinical focus on barriers to mental health access particularly within marginalized communities has strengthened my commitment to equity and inclusive policy development. Beyond my professional work, I remain engaged in community outreach and youth mental health education. I am collaborative, dependable, and deeply invested in ensuring that young people feel heard and supported. I would bring both professional expertise and genuine passion for youth advocacy to the Commission.

Do you have any time commitments that would prevent you from participating in board/commission meetings? Meeting times can be found by visiting newhavenct.gov/boards, but most are usually once a month for 1-2 hours.

I am a public health family physician who just joined the faculty of the Yale Primary Care Residency, and am passionate about care of the unhoused. I hope to join this commission in order to learn about what the city is doing, and also affect change, from the point of view of a physician who cares for this population.

Why are you interested in serving on a board or commission?

I am new to the city, but have always been interested in serving the community as a citizen and potentially in local government. I am planning to register to vote in New Haven as soon as I can.

Why do you believe you would be a good fit for your selected board and commission(s)?

Because of my passion and interest in serving the unhoused, and also my expertise as a medical professional who has worked with many different urban underserved populations.

Interests & Experiences

Please tell us about yourself and why you want to serve. Please attach any of the follow:

Resume, Curriculum Vitae (CV), Professional Bio, or a Statement of Interest.

Upload a Resume

If not submitting a Resume or CV, please submit a ~150 word Statement of Interest as to why you are interested in serving on your selected boards/commissions. If you have uploaded a resume OR you are seeking reappointment, you can write n/a.

n/a

Why are you interested in serving on a board or commission?

I have a special interest in serving people with disabilities and helping the city become an even better place where all residents have the same opportunities to enjoy this great city, along with its programs and services. I would value the opportunity to identify barriers and work with others to remove them.

Why do you believe you would be a good fit for your selected board and commission(s)?

Because the Commission works on issues that align with my organization's mission, and as a resident of New Haven, I want to make sure we are advocating for the best interests of residents with disabilities and their families.

Do you have any time commitments that would prevent you from participating in board/commission meetings? Meeting times can be found by visiting newhavenct.gov/boards, but most are usually once a month for 1-2 hours.

Why are you interested in serving on a board or commission?

The Agency on Aging of SC CT serves older adults and people with disabilities over the age of 18. In my work I recognize the challenges that our consumers face daily. As an older adult with mobility problems, I experience problems on a regular basis when navigating the community. I would like to be involved with the Commission and provide my support for the changes the Commission is making to improve access for people with disabilities and embrace people with disabilities as contributing members of our community.

Why do you believe you would be a good fit for your selected board and commission(s)?

I have personal and professional knowledge of the issues faced by people with disabilities. I am a lifetime New Havener and am always willing to work on projects to improve life in New Haven. I look forward to the opportunity to work with Gretchen who brings knowledge, experience, compassion and a willingness to fight for what's right to the work.

Question applies to Fair Rent Commission

Are you a landlord, renter, or homeowner? Or someone who works with either landlords or renters? If so, please explain.

No

Why are you interested in serving on a board or commission?

This is something that I care deeply about. Especially now during this housing crisis it is important to be involved in these issues. Furthermore, I love the city of New Haven and am proud to serve it and it's citizens.

Why do you believe you would be a good fit for your selected board and commission(s)?

I have lived in New Haven for 20 years, 17 of those years as a tenant, in many different neighborhoods to many different landlords. This has given me a pretty comprehensive view of relationships between tenants and landlords in New Haven. I also am at the moment neither a landlord or a tenant and this gives me a more impartial view of the matter.

Do you have any time commitments that would prevent you from participating in board/commission meetings? Meeting times can be found by visiting newhavenct.gov/boards, but most are usually once a month for 1-2 hours.

no

Demographics

Some boards and commissions require membership to be politically proportionate, per State Statute on minority party representation (CGS § 9-167a). What is your political affiliation on your voter registration (i.e Democrat, Republican, Unaffiliated, Independent, etc)?

unaffiliated

In order to stay compliant with our city's charter, are you registered to vote in New Haven?

Yes No

We strive to maintain diversity in all of our Boards and Commissions. These questions are optional and if you volunteer the information we will only use it to ensure that our boards and commissions are diverse.

Question applies to Fair Rent Commission

Are you a landlord, renter, or homeowner? Or someone who works with either landlords or renters? If so, please explain.

Renter

Why are you interested in serving on a board or commission?

I am interested in continuing my service on the Fair Rent Commission because we need to continue holding bad actors accountable and protecting tenants.

Why do you believe you would be a good fit for your selected board and commission(s)?

Throughout my time on the FRC, I have held bad actors in New Haven accountable. This has saved thousands of dollars for tenants, and protected them from landlord who neglect their properties.

Do you have any time commitments that would prevent you from participating in board/commission meetings? Meeting times can be found by visiting newhavenct.gov/boards, but most are usually once a month for 1-2 hours.

I have spent my 45 + years as a nurse-midwife caring for low income communities and doing work in public health. During the 1970's I worked with colleagues at Boston Children's Hospital on Pediatric Social Illnesses. Work that included combatting lead poisonings.

Why are you interested in serving on a board or commission?

I am committed to promoting healthy housing conditions for families. Having worked at Boston Children's Hospital in the 1970's was able to work with Herb Needleman, MD as well as other clinicians committed to improving the health and well-being of children.

Why do you believe you would be a good fit for your selected board and commission(s)?

I had been appointed to this committee while a commissioner at the Health Department and appreciate the social, health, environmental and political implications and work of this committee.

Do you have any time commitments that would prevent you from participating in board/commission meetings? Meeting times can be found by visiting newhavenct.gov/boards, but most are usually once a month for 1-2 hours.

Why are you interested in serving on a board or commission?

I am interested in being reappointed to the commission to continue working on the projects we have been working on throughout the past two years. I would like to continue connecting the city's commission with its international partners/alliances.

Why do you believe you would be a good fit for your selected board and commission(s)?

I believe I have been a good fit for the past two years during my first term on the commission through my connection with youth and other organizations around the state. It has proven to be useful in organizing events and establishing partnerships between the commission and other organizations. I have also recently taken on the task of re-establishing the international connections the city once had through the commission's international alliances.

Do you have any time commitments that would prevent you from participating in board/commission meetings? Meeting times can be found by visiting newhavenct.gov/boards, but most are usually once a month for 1-2 hours.

Why are you interested in serving on a board or commission?

I have been thrilled to serve as the chair for the New Haven Port Authority Board of Commissioners. It's been an honor to get to shape the direction of the Port, work with the city, and have opportunities to address the needs of my neighbors.

Why do you believe you would be a good fit for your selected board and commission(s)?

I believe I have served effectively over the last three years and look forward to continuing my service. In particular, I have led our board through a robust strategic planning process, have helped expand the property owned by the Port Authority, and have deepened our relationships with the city and the port operators. The next three years will be integral as we put our strategic plan into practice and navigate periods of succession and change. I look forward to leading the Board through this period and putting it on firm footing for its next era.

Do you have any time commitments that would prevent you from participating in board/commission meetings? Meeting times can be found by visiting newhavenct.gov/boards, but most are usually once a month for 1-2 hours.

No

Demographics

Some boards and commissions require membership to be politically proportionate, per State Statute on minority party representation (CGS § 9-167a). What is your political affiliation on your voter registration (i.e Democrat, Republican, Unaffiliated, Independent, etc)?

Question applies to Board of Public Health

Do you have a doctorate (MD, DMD, etc) in a medical science field? If so, from what school?

Yes PhD in Environmental Epidemiology

Why are you interested in serving on a board or commission?

New Haven is our home and I want to give back to this community. For over 25 years I have studied public health, with a specific emphasis on how our environment can affect us. I want to bring that skill set to the Board's decision making to enrich the lives of everyone in our community. My research focuses on how environmental toxicants impact women and children's health. I would like to address topics like legacy lead exposure in NH and bring more of a focus on how our environment can impact health concerns in NH.

Why do you believe you would be a good fit for your selected board and commission(s)?

As a reproductive environmental epidemiologist my primary research investigates the effects of endocrine disrupting chemicals on pregnancy-related disorders, such as preeclampsia and preterm birth, and their potential links to long-term maternal health issues like cardiovascular disease. Early in my career, I studied the impact of low-level lead exposure on early-life cognition in Mexico and the relationship between phthalate exposure and preterm birth in Puerto Rico. While more data driven, I can understand the topics and challenges specific to New Haven.

Do you have any time commitments that would prevent you from participating in board/commission meetings? Meeting times can be found by visiting newhavenct.gov/boards, but most are usually once a month for 1-2 hours.

Funding Information

Past

2008-2009 Mercury Exposure and Neurodevelopmental Outcomes in Children Living in Mexico City, Mexico
No Grant Number – University of Michigan Rackham Graduate Student Research Grant
PI (\$2,500)

This pilot study aimed to utilize archived samples to determine trimester-specific blood mercury levels in N=100 women residing in Mexico City and relate the exposure levels to neurocognitive outcomes in their children at two years of age.

- 2010-2011 Toxic Metal Exposure and Women of Reproductive Age in Ghana
No Grant Number – University of Michigan African Studies Center
Co-PI (\$9,500)
This pilot study aimed to determine levels of metal exposure in women of childbearing age at three distinct locations within Ghana
- 2011-2013 Prenatal Exposures and Early Life Health Outcomes
NIEHS/NIH (L40 ES020610)
PI (\$16,000)
This loan repayment award focused on research into lead and mercury exposure and adverse neurocognitive effects in early life
- 2013-2015 Estrogen Metabolites and Preeclampsia
NCI/Internal Award (CSAS 15799)
Co-Investigator (\$13,500)
This study aimed to investigate the association between estrogen metabolites and preeclampsia.
- 2014-2016 Longitudinal Evaluation of Predictive Value for Preeclampsia of Urinary Inhibin A Through Pregnancy
No Grant Number - Harvard Catalyst Clinical Research Center

Co-PI (\$9,855)
This study aims to investigate whether longitudinal assessed inhibin A concentrations throughout pregnancy can predict onset of preeclampsia
- 2016-2017 Perfluorinated Chemicals and Risk of Preeclampsia
No Grant Number – Shore’s Foundation Award, Brigham and Women’s Hospital, Department of Obstetrics and Gynecology Research Foundation
PI (\$30,000)
This pilot study aims to investigate whether early levels of perfluorinated chemicals are associated with the risk of developing preeclampsia
- 2016-2018 Circulating Microparticle based Spontaneous Preterm Birth Study
No Grant Number – Private Funded (NXPre Natal Inc.)
Co-PI (\$180,000)
This study aims to independently validate different proteomic profiles exhibited in isolated peripheral circulating microparticles at 10 weeks gestation in sPTB and term controls.
- 2017-2018 *Circulating serpinB1 and vulnerability to gestational diabetes*
NIH (P30 DK036836)
Co-I (2% FTE)
This study is investigating the role serpinB1 might play in development of gestational diabetes

- 2016-2021 Phthalates, Gestational Diabetes, and Markers of Future Type 2 Diabetes Risk in Women
NIEHS/NIH (R01 ES026166)
Co-I (10% FTE)
This study aims to investigate the association between phthalate exposure during pregnancy, risk of developing gestational diabetes, and risk of developing Type 2 diabetes postpartum.
- 2018-2020 Healthy Starts to Life – Transformative Award in Newborn Research
Brigham Research Institute
Co-I (15% FTE)
This study aims to add a more comprehensive newborn data collection component to LIFECODES
- 2019-2020 Consumer product chemical exposures in pregnancy and their cumulative impact on disorders of fetal growth
No Grant Number – Internal Funding NIEHS
Co-I (25% FTE)
This is the pilot phase to an internal grant application (PI – Ferguson) at NIEHS that is proposing to investigate the relationship between exposure to chemical mixtures and fetal growth trajectories.
- Fetal growth and exposure to consumer products
NIH/NIEHS HHSN273201600003I/HHSN27300002
Co-I (25% FTE)
- 2020-2023 *This is an internal grant application (PI – Ferguson) at NIEHS that is proposing to investigate the relationship between exposure to consumer chemical mixtures and fetal growth trajectories.*
- Validating an environmental history questionnaire for use in OB/GYN
No Grant Number – Harvard Catalyst
- 2021-2023 PI (5% FTE)
This study aims to develop an environmental screening questionnaire for use in OB/GYN and validate it for metals exposure
- Current**
- 2020-2025 Applying and Advancing Modern Approaches for Studying the Joint Impacts of Environmental Chemicals on Pregnancy Outcomes
NIH/NIEHS R01ES031591-01A1
Co-I (20% FTE)
This study aims to investigate the associations between chemical mixtures and preterm birth.
- 2022-2027 No Grant Number – Mirvie Inc.
Subcon PI (10% FTE)
This study validates a microRNA platform in predicting PTB and PE

2022-2027 Molecular antecedents of miscarriage
NIH/NICHD
Co-I (15% FTE)

This study utilizes multiple molecular biomarkers to better elucidate the molecular underpinnings of spontaneous abortion

2022-2027 Integrative omics of preeclampsia in TOPMED and maternal cardiovascular health
NIH R01HL163234
Co-I (10% FTE)

This study takes advantage of the existing genomic and proteomic data from TOPMED to investigate future maternal cardiovascular health

Current Unfunded Projects

2013- LIFECODES Birth Cohort Based at BWH OB/GYN Department (Mentor & Investigator)
I supervise various manuscripts and ancillary research projects, conduct independent research projects, and supervise the daily logistics for these birth cohort studies

2016- Exposure to Phenols, Parabens, and Phthalates During Pregnancy, Markers of Placental Function, and Risk of Developing Preeclampsia (PI)
This is a resubmission and reorganization of a scored NIEHS K22 application that focuses upon the role between endocrine disrupting chemical exposure and preeclampsia.

Teaching of Students in Courses

Teaching prior to Harvard Appointment

1999-2003	Introductory Chemistry 1 st year undergraduate students	Iowa State University (3) 1 hr. lectures per week and (1) 2 hour lab lecture/mentoring per week during each ~3 month semester (taught 2 semesters each year and 1 summer session).
2001-2002	Introductory Biology 1 st year undergraduate students	Iowa State University (3) 1 hr. lectures per week and (1) 2 hour lab lecture/mentoring per week – 2 semesters
2004 - 2006	Introductory Biology 1 st year undergraduate students	University of Michigan (1) 1.5 hr lecture and (1) 2 hour lab lecture/mentoring per week – 2 semesters each

		year
2006	Introduction to Environmental Health 1 st year MPH students	University of Michigan (3) 1 hr. lectures per week – 1 semester
2009-2011	Summer Short Course in Biostatistics incoming MPH students	University of Michigan (5) 1 hr. lectures per week – 1 week
2009-2011	Supplement Biostatistics Review 1 st year MPH students	University of Michigan (1) 1.5 hr. lecture per week – 1 semester

Formally Supervised Trainees

2008-2010	Myriam Afeiche, PhD, MPH / Visiting Research Scientist, Harvard T.H. Chan School of Public Health. <i>I mentored Dr. Afeiche during her last two years of her PhD at the University of Michigan which resulted in two publications and three more independent conference abstract posters.</i>
2009-2010	Siying Huang, PhD / Postdoctoral Fellow, University of Toronto Dalla Lana School of Public Health. <i>I mentored Dr. Huang during her tenure at University of Michigan before she moved to the University of Toronto to complete her PhD. This resulted in one publication.</i>
2010-2011	Lauren Rodriguez, MD / Resident, Emergency Medicine, Wayne State University <i>I mentored Dr. Rodriguez for a 4 month summer internship in Mexico City where she completed a market basket seafood survey and refined a seafood intake questionnaire as part of a mercury exposure and neurodevelopment project. This resulted in one publication.</i>
2012-2014	Ryan Lewis, PhD, CIH / Managing Scientist, Exponent <i>I mentored Dr. Lewis for two years at the University of Michigan which resulted in two publications regarding exposure to pesticides among pregnant women in Puerto Rico.</i>
2013-2014	Michael Honigberg, MD / Resident Internal Medicine, BWH Harvard Medical School <i>I mentored Dr. Honigberg during his last year of medical school at HMS which resulted in one publication.</i>
2013-2015	Christina Yarrington, MD / Instructor of Medicine, Boston University School of Medicine <i>I mentored Dr. Yarrington during the last two years of her maternal fetal medicine fellowship at BWH as part of her research thesis requirement. This has resulted in two publications.</i>
2013-2016	Carolina Bibbo, MD / Maternal Fetal Medicine Fellow, BWH Harvard Medical School <i>I mentored Dr. Bibbo as part research thesis requirement for her fellowship. This has</i>

resulted in one conference abstract and two papers under review.

- 2014-2015 **Melinda Lee, MD** / Resident, Brigham and Women's Hospital
I mentored Dr. Lee in a focused research project that resulted in one publication
- 2014-2017 **Sarah Rae Easter, MD** / Maternal Fetal Medicine Fellow, Brigham and Women's Hospital
I am mentored Dr. Easter as part of her research thesis requirement for her fellowship. I began mentoring her during her residency at BWH which resulted in two publications.
- 2014-2017 **Caroline Rouse, MD** / Maternal Fetal Medicine Fellow, Brigham and Women's Hospital
I mentored Dr. Rouse as part of her research thesis requirement for her fellowship. This has resulted in two conference abstracts and preparation of two manuscripts.
- 2014-2017 **Anne Marie Darling, PhD** / PhD Candidate, Boston University School of Public Health
I was a thesis advisor and mentor to Anne Marie as part of her PhD which resulted in two published manuscripts.
- 2016-2019 **Erica Holland, MD** / Maternal Fetal Medicine Fellow, Brigham and Women's Hospital
I mentored Dr. Holland as part of her research thesis requirement for her fellowship.
- 2017-2019 **Natalie Mendez** / Student Success Jobs Program, Brigham and Women's Hospital
I mentored Ms Mendez for two years as part of Brigham's SSJP program that provides onsite job experience to Boston high school students
- 2018-2020 **Linda Zhao, MS** / PhD Candidate, Harvard University
I am currently mentoring Ms. Zhao as part of her PhD with the Department of Sociology.
- 2018-2019 **David Alexander Goodson, MPH** / Master's of Public Health Candidate, Harvard School of Public Health
I was Mr. Goodson's MPH Thesis advisor at HPSH which has resulted in one submitted manuscript
- 2019-2020 **Alexandria Lee, MPH** / Master's of Public Health Candidate, Harvard School of Public Health
I mentored Ms. Lee as part of her MPH program in which she utilizing LIFECODES for her thesis work.
- 2021-2022 **Sam Paltrow-Krulwich** / Master's of Public Health Candidate, Harvard School of Public Health
I am Ms. Paltrow-Krulwich's MPH Thesis advisor at HPSH in which she is finalizing her MPH practicum.
- 2021-2022 **Jose Villa-Uribe, MD** / Master's of Public Health Candidate, Harvard School of Public Health
I am Dr. Villa-Uribe's MPH Thesis advisor at HPSH in which he is finalizing his analysis for a manuscript
- 2022-2024 **Christina Boulineaux** / Medical Degree Candidate, Harvard Medical School
I am Ms Boulineaux's research advisor for her extended 5th year in medical school in

- which she is lead authoring several manuscripts
- 2022-2023 **Rachel Herz-Roiphe** / Medical Degree Candidate, Harvard Medical School
I am Ms Herz-Roiphe's research advisor at HMS in which she is finalizing her analysis for a manuscript
- 2023-2023 **Emma Kohrt**/ Undergraduate Candidate ROUTES Program Scholar, Northeastern University
I am Ms. Kohrt's ROUTES Scholar advisor in conjunction with NEU which she is assisting in several manuscripts and finalizing an analysis for her own lead author manuscript
- 2023-2023 **Ashvika Boothpathy**/ Undergraduate Candidate ROUTES Program Scholar, Northeastern University
I am Ms. Boothpathy's ROUTES Scholar advisor in conjunction with NEU which she is assisting in several manuscripts and finalizing an analysis for her own lead author manuscript
- 2024-2024 **Sonia Vasquez**/ Undergraduate Candidate ROUTES Program Scholar, Northeastern University
I am Ms. 's ROUTES Scholar advisor in conjunction with NEU which she is assisting in several manuscripts and finalizing an analysis for her own lead author manuscript
- 2024- **Grace Wang**/ Medical Degree Candidate, Harvard Medical School
I am Ms Wang's research advisor at HMS in which she is initiating her analysis for a manuscript looking at longitudinal trajectories of blood pressure during pregnancy

SCIENTIFIC INNOVATIONS

1. Elective Rotation in OB for Environmental Health Education

Training in environmental health is largely absent from medical school curriculum as well as OB/GYN residency or fellowship training. With this lack of general knowledge for OB/GYN providers, assessment for environmental hazards among their patient population is not standard practice, highlighting a critical deficiency in how OB providers assess the overall health of their patients. Another critical gap in knowledge/training is how OB providers communicate risk of potential environmental hazards to their patient population. A simple example is if a patient asks their provider about the hazards of methylmercury exposure during pregnancy and if they should avoid fish. Types of fish vary dramatically in levels of methylmercury and other contaminants (PCBs, Dioxins, etc.) but they also contain beneficial fatty acids and selenium. Without prior knowledge of the topic or understanding of what materials are available for consumers it is impossible for OB providers to give a scientifically accurate advice. I have developed a three month elective rotation for OB/GYN fellows in Reproductive Environmental Health Education and built a simple environmental history form for use in our obstetrical population. By creating didactic and clinical curriculum in reproductive environmental health, gauging potential environmental exposure risks in our clinical population, and providing an initial set of resources that our clinical staff can tap into for patient queries, I hope to establish a unique framework in our clinic that will ultimately better serve the health of our obstetrical population.

2. The Role of Common Environmental Toxicants in Adverse Pregnancy Events

Spontaneous preterm birth and preeclampsia represent two of the most common, debilitating, and costly adverse pregnancy conditions affecting women and their fetuses worldwide. Our understanding into the role that everyday environmental exposures play in the complex etiology for each of these conditions is severely lacking. Bisphenol-A and phthalates are high production volume chemicals utilized in a wide array of consumer products and have been demonstrated to have ubiquitous exposure among a variety of populations, including pregnant women. To date, I have the only publications assessing the relationship between longitudinal Bisphenol-A levels during pregnancy and risk of preterm birth and preeclampsia. Additionally, I have one of the most robust publications assessing the relationship between longitudinal phthalate levels and preeclampsia. Taken together these publications highlight the need for policy makers and clinicians to consider the hazard everyday chemicals may pose to pregnant women and their fetuses.

3. Leveraging EMR to understand the environment's role in exacerbating post-partum health effects

For years it is known that certain pregnancy conditions (e.g. preeclampsia) are associated with later life adverse health consequences for women including cardiovascular disease. What is apparent is whether common environmental toxicants enhance this risk either through associations with pregnancy conditions or through other mechanisms. Utilizing the ease to abstract electronic medial record information can help develop robust models of potential disease progression in the presence of varying concentrations of the common everyday chemicals.

NARRATIVE

My expertise is in the area of reproductive environmental epidemiology. Many lines of epidemiologic, clinical and experimental evidence now indicate that early life exposures, including exposures to toxicants during gestation, can play a critical role in disease susceptibility later in life. In addition, a large majority of adverse pregnancy conditions (preterm birth, preeclampsia, gestational diabetes, altered fetal growth) have not been well researched with regards to environmental exposure, though reducing exposure sources may represent an achievable and cost-effective method to reducing disease burden. In my past and current research I have demonstrated novel adverse links between preterm birth risk and preeclampsia to commonly found endocrine disrupting chemicals (BPA and phthalates).

Approximately 25% of my effort is directed towards being the primary research mentor for incoming MFM clinical fellows at BWH. In this capacity I work with each individual fellow to setup a thesis project which will result in the development of publishable material. During this process I guide the fellows through and help them manage all aspects of their projects including design setup, primary or secondary data collection, cleaning of necessary data and final analysis plan and implementation. I also provide project assistance to a number of OB/GYN residents and medical students. Additionally, recognizing the lack of environmental health education in the medical school curriculum, I have created a three month elective rotation for OB/GYN residents and fellows in reproductive environmental health education.

Another 25% of my effort is directed towards serving as an epidemiologist for the maternal-fetal medicine division, supporting faculty ongoing and future research endeavors. In this role I work with faculty to setup (design, IRB, etc.), manage (logistics and data procurement), analyze and ultimately publish research from their various projects. One notable research project is a large, divisionally supported, ongoing birth cohort/biorepository: LIFECODES. Currently in its 13th year, LIFECODES contains longitudinally collected biological samples and clinical information on +5,500 pregnant women. I spend another 50% of my effort managing all aspects of this project, including a staff of three research techs who oversee recruitment/retention, collection and processing of biological samples, obtainment of relevant information from patient's electronic medical records and data set cleaning.

My research and educational activities are on the cutting edge of an understudied, but critical area of health: how toxicants in our environment impact pregnancy. I am part of a growing multidisciplinary, multi-institute group of clinicians/academics whose desire is to highlight to the next generation of OB/GYN practitioners and policy makers that our environment makes a real, and modifiable, adverse impact upon pregnancy. As such, I am working closely with faculty in the MFM division to integrate environmental health into the curriculum and align/expand our research aims with environmental health concerns.
