

We encourage the city to explore such possibilities, in part by looking at what other municipalities do to get examples of best practices. This will help New Haven financially and, perhaps more significantly, will make New Haven a more inviting place to live, work, and visit, with all the ancillary benefits that brings with it.

Thank you for considering our request. We know how busy the Board of Alders is, and so greatly appreciate your consideration of this issue. Please let us know if you have any questions at info@dwscmt.net or 858-336-9614.

Sincerely,

The Executive Board of the Downtown Wooster Square Community Management Team

City of New Haven
