Dear Lt. Sean Maher,

On behalf of ProPhoenix Corporation, we are pleased to present this proposal for various components of the Phoenix Public Safety Solution Suite. The attached proposal details the required software modules and associated support services in order to successfully implement the proposed solution. If hardware is being proposed and/or recommended, please take note of the specific operating requirements outlined in the Proposal Notes and/or Terms section.

Phoenix represents a major "paradigm shift" in the value provided to Public Safety agencies throughout the United States. There are several differentiating benefits realized by an agency when implementing Phoenix Software. Highlights include;

- ✓ Deep horizontal and vertical integration throughout the entire software suite
- ✓ Integration of 3rd party tools which are transparent to the end user
- ✓ A complete, end-to-end, Public Safety lifecycle suite deployable throughout the entire agency
- ✓ Complete design, development, deployment, and maintenance conducted by ProPhoenix personnel
- ✓ Fiscal responsibility for both the initial procurement as well as ongoing sustainability
- ✓ An "all-inclusive" module philosophy within the major application offerings, e.g., CAD, RMS, Mobile, Fire, Corrections
- ✓ Continual incorporation of the latest in tools and technology to stay ahead of the technology curve
- ✓ Business Intelligence (B/I) capabilities providing "actionable insight" for enhancing decision making in support of Intelligence Led Policing (ILP) initiatives
- ✓ Adherence to National information sharing standards, e.g. National Information Exchange Model (NIEM) based of Global Justice Extensible Mark-up Language (GJXML)

The Phoenix Public Safety Software Suite embraces our "i3" design philosophy of "Integrated, Intuitive, Innovative". By implementing these tenets, our goal is to maximize an agency's effectiveness and optimize its efficiency through the use of our software. We are confident in our ability to exceed your operational expectations, and are grateful for the opportunity to compete for, and earn your business. Should you have any questions, please do not hesitate to contact us.

**Please have an authorized officer sign below and return a copy to me. Upon execution by both parties, this proposal and its terms and conditions will become a binding agreement.**

**Acceptance:**

**By: New Haven Police Dept**

**ProPhoenix Corporation**

Mexico and Canada.

HW-BRO-4230BUNDL

Brother Rugged Jet 4230BL Mobile e-Ticket  
Printer Bundle

1

@ \$848.00 each. 4" e-Ticket paper receipt.

## Terms & Conditions

---

### 3rd Party Software

#### Netmotion Mobility w Policy, NAC and Analytics/Prem support

---

NetMotion Mobility - Windows Device License

Includes:

- \* Policy Module
- \* Network Access Control Module (NAC)
- \* Analytics Module

Mobility Premium Software Maintenance

- \* 24x7 technical support
- \* Major version upgrades
- \* Tech notes and web based support
- \* Cumulative quantity discounts on additional device licenses
- \* Patch and point releases at no additional charge
- \* Guaranteed response times

#### Easy Street Draw Pro WEB Enterprise License

---

ProPhoenix is a Trancite Easy Street Draw re-seller only. Easy Street Draw Installation is the sole responsibility of the customer with assistance from Trancite, if needed. Enterprise License Plan is for indicated number of personnel. First year support is included. 2nd and subsequent year's support provided from Trancite Easy Street Draw and not ProPhoenix. Support pricing is set by Trancite Easy Street Draw .

## TRANCITE Software Maintenance Coverage Must be Purchased from TRANCITE Directly not for ProPhoenix

1. Licensor offers a maintenance plan for the Software as follows:
  - i. *Product updates & upgrades*: Licensor will supply improvements and other changes to the software which licensor, at its discretion, deems to be logical improvements or extensions.
  - ii. *Defect corrections*: Licensor will supply corrections as required to correct substantial deviations of the software from specifications or the current applicable reference manual.
  - iii. Save 40% off standard training rates while current under maintenance
  - iv. License Management Services
  - v. License Activations
  - vi. License Transfers
  - vii. License Auditing and Reporting
  - viii. Support Assistance
  - ix. Integration Support
  - x. Answers on How To's and Best Practices
  - xi. Troubleshooting
  - xii. Remote online assistance
2. Initial maintenance period- following the execution of this license there will be no additional charge for maintenance support and product updates for one full year.
3. Charges for subsequent years- for each year after the initial maintenance period of the license, licensor will continue to provide Licensee with maintenance, support and product update services as described in section (A) above, provided Licensee pays Licensor in advance the annual maintenance and support charges then in effect.

Licensor will continue to provide Licensee with maintenance, support and product update services as described in section (A) above, provided Licensee pays Licensor in advance the annual maintenance and support charges then in effect.

#### ScenePD Workstation License -Latest Version

---

Each client (CAD, WDA and RMS) requires one ScenePD license to draw crime scene. Optional Extended Software Maintenance Plan

2-year warranty from Wasp [www.waspbarcode.com/barcode-scanners/wws750-2d-barcode-scanner](http://www.waspbarcode.com/barcode-scanners/wws750-2d-barcode-scanner)

Programming guide

Hardware purchased through ProPhoenix includes software configuration (not installation), drivers and licensing.

If purchased elsewhere, configuration services and software drivers and licensing provided by ProPhoenix will be at an additional expense.

#### Epadlink Electronics ePad VP9805

##### Key Features Include:

- Monochrome LCD display
- Displays affirmation text for greater signing context
- Assigns a unique serial ID number to the host computer
- Ergonomic design
- Legally-binding eSignatures
- USB powered, portable device
- Bundled with IntegriSign software for Acrobat, MS Word and Excel
- Bundled with ProPhoenix Drivers

#### Hardware - Antaira STE-501C E911 Device Bundle

The STE-501C is a single port gateway between Ethernet (TCP/IP) and Serial signal communications. It allows almost any serial device to be connected to a new or existing Ethernet network. By encapsulating serial data and transporting it over Ethernet, the STE-501C offers full-duplex, bi-directional data transmission transparent between serial port and Ethernet network. Capable of using either RS232, RS422 or RS485 serial communication standards the STE-501C is ideal for upgrading industrial serial devices onto a Ethernet network. Bundle includes the power supply.

## Features:

- Rugged Metal Case with DIN-Rail / Wall-Mount
- 15 KV ESD Protection for Serial Signals
- 10/100Mbps Fast Ethernet Full Duplex Auto Negotiation
- Supports Multiple Link Mode with TCP Server/Client, UDP, and Virtual COM Mode
- Monitor, Manage, and Control Industrial Field Devices Remotely
- Configurable via Built-in Web Server, Serial Console, or Telnet
- Windows Based Utility for IP Configuration
- Upgradeable Firmware from Remote-PC via Ethernet

---

### Axis V5925 PTZ 1080P Network Camera - For Mugshot

AXIS V5925 offers HDTV 1080p resolution with smooth pan/tilt/zoom, high quality audio streaming in stereo, and powerful 30x zoom. The open interface makes it easy to integrate with other systems. Customer is responsible to mount the camera and connect to the network and power source. This camera does not utilize POE, it must be plugged into a power source.

---

### E-Seek M260 Drivers License Card Reader Bundle

The Model 260 incorporates a magnetic stripe reader with advanced technology 2D barcode reading capability. The Model 260 can read any government issued ID card with magnetic stripe information and/or 2D barcodes. This creates a single device for reading virtually all government issued ID's. The data is also transferred to the host device via a standard USB interface (or RS-232). This approach to scanning both magstripe and 2D information with one device is an ideal solution for the POS, ID authentication and law enforcement environment. In addition to the standard side access USB cable interface connector, the Model 260 has incorporated a bottom mounted interface connector, making it an ideal solution for kiosk application environments. Hardware purchased through ProPhoenix includes software configuration (not installation) where applicable. If purchased elsewhere, configuration services by ProPhoenix will be at an additional expense.

Bundle contains the E-Seek M260 card reader, and the CN8000 5' USB Cable that powers the unit (no additional adapters are needed), and the de-coding software for reading DL information.
