The attached PDFs are the cost analyses for Local 3144 (Management and Professional). H&H analyzed the cost separately for the proposed changes for current employees and the proposed changes for just future hires. The net impact of the proposed changes for current employees is an increase in liabilities of about \$3.77M and **an increase to the FYE 2024 ADEC of about \$171,000.**

There are no future employees represented in the July 1, 2022 valuation report, so H&H demonstrated the cost of the proposed changes for future hires by showing the impact on the City's Normal cost for recent hires of Local 3144.

The impact of the proposed changes for future employees is a decrease on the ADEC of about 2.2% of pay. Please note that this savings of 2.2% would be experienced on a long-term basis, as it would initially have a small impact. The cost estimates are based on the census data, actuarial assumptions and plan provisions used in the July 1, 2022 Valuation.
