

We, the undersigned city residents, respectfully request that the Board of Alders permanently designate the corner of Chapel St and Boulevard as "Coach Thompson Way" and direct that signage be created and installed to that effect. William "Coach T" Thompson was a beloved coach of the New Haven Age Group Track Club for over 38 years. He passed away in 2014 but his legacy lives on. He was an advocate for the youth, a mentor and true humanitarian. He loved track and his athletes and instilled the importance of academics, respect, love and hard work. He held many weekend practices at Edgewood Park and could be seen sitting on the bench at Chapel and Boulevard. This would be the perfect place to honor his memory because of all the lives he has impacted. City statute requires that a petition be obtained which includes signatures of at least 250 residents in favor of the proposed naming, of which at least 2/3(166) shall be residents of the neighborhood of the proposed sign location.

Dated at New Haven, 21 day of October 2019. Submitted by Nancy Taft, Petition Circulator

We, the undersigned city residents, respectfully request that the Board of Alders permanently designate the corner of Chapel St and Boulevard as "Coach Thompson Way" and direct that signage be created and installed to that effect. William "Coach T" Thompson was a beloved coach of the New Haven Age Group Track Club for over 38 years. He passed away in 2014 but his legacy lives on. He was an advocate for the youth, a mentor and true humanitarian. He loved track and his athletes and instilled the importance of academics, respect, love and hard work. He held many weekend practices at Edgewood Park and could be seen sitting on the bench at Chapel and Boulevard. This would be the perfect place to honor his memory because of all the lives he has impacted. City statute requires that a petition be obtained which includes signatures of at least 250 residents in favor of the proposed naming, of which at least 2/3(166) shall be residents of the neighborhood of the proposed sign location.

We, the undersigned city residents, respectfully request that the Board of Alders permanently designate the corner of Chapel St and Boulevard as "Coach Thompson Way" and direct that signage be created and installed to that effect. William "Coach T" Thompson was a beloved coach of the New Haven Age Group Track Club for over 38 years. He passed away in 2014 but his legacy lives on. He was an advocate for the youth, a mentor and true humanitarian. He loved track and his athletes and instilled the importance of academics, respect, love and hard work. He held many weekend practices at Edgewood Park and could be seen sitting on the bench at Chapel and Boulevard. This would be the perfect place to honor his memory because of all the lives he has impacted. City statute requires that a petition be obtained which includes signatures of at least 250 residents in favor of the proposed naming, of which at least 2/3(166) shall be residents of the neighborhood of the proposed sign location.

Dated at New Haven, 22 day of October 2019. Submitted by Joan Thompson Petition Circulator
