Re: Discontinuance or Abandonment of Part of Waterfront Street North of Forbes Avenue / City Easement

The Honorable Tyisha Walker-Myers:

I write in connection with the petition, dated February 15, 2019, submitted by Safety-Kleen Systems, Inc. ("Safety-Kleen") for the abandonment of a portion of Waterfront Street north of Forbes Avenue. The Board of Alders ("Board") approved the petition, with the condition that Safety-Kleen grant the City of New Haven ("City") an easement, acceptable to Corporation Counsel, for certain limited purposes relating to the provision of utility services and emergency response ("Easement").

I have attached a draft of the Easement, which was deemed acceptable by Corporation Counsel. I respectfully request that the Board approve the Easement and issue the resolution submitted by the Board's staff on October 23, 2019, to finalize the abandonment as requested in Safety-Kleen's petition.

Please do not hesitate to contact me with any questions.

Very truly yours,

Jesse A. Langer
