There shall be no discrimination against any employee because of his/her race, color, religious creed, age, marital status, national origin, ancestry, sex, sexual orientation, present or past history of disability, or political or union affiliation. DUES DEDUCTIONS

Section 1

Employees may voluntarily become members of the Union in good standing and pay monthly dues established by the Union or voluntarily pay a monthly agency fee at a rate established by the Union, neither of which is required as a condition of continued employment.

The Board agrees to deduct such Union dues or voluntary fees from the pay of employees who provide written authorization to the Board of such deductions and to transmit the dues or fees

ARTICLE 6 SENIORITY

Section 1

Seniority is defined as the total length of continuous service as a paraprofessional employee employed by the New Haven Board of Education. Continuity of employment shall not be broken by any approved leave of absence whether with or without pay, or if laid off and recalled within two (2) years.

Section 2

When a position is to be filled the job announcement will be posted through the District's online portal. Notice will also be sent to the Union President and Council 4. Those interested in applying for the position must apply through the online portal within ten (10) days of the date on the announcement.

Section 3

All positions will be filled based upon candidates' qualifications for the position in question. If, however, there are applicants presently employed in the New Haven School System and two or more applicants are equally qualified, the applicant with the greatest seniority in the bargaining unit shall be given preference.

Section 4

If the Board determines it is necessary to make layoffs, employees shall be laid off in the inverse order to their seniority. However, employees who possess special job skills or education need not necessarily be laid off if they do not otherwise have sufficient seniority. Special skills or education is hereinafter defined as actually possessing and utilizing bilingual skills, signing for the hearing impaired in the performance of the job, ABA-trained paraprofessionals,

paraprofessionals trained to support visually-impaired students and/or paraprofessionals possessing educational degrees or job- related certifications.

Section 5

Employees who have been laid off shall have their names placed on a paraprofessional employee re-employment list. An individual's name shall remain on the re-employment list for two (2) years from the date of layoff or until re-employed, whichever occurs first.

Section 6

If the Board determines to fill paraprofessional positions while there are such individuals on layoff status, the available position shall be offered to individuals on the re-employment list in seniority order provided said individual is qualified for the position being filled.

Section 7

Employees on layoff status shall continue to accumulate seniority for two (2) years but shall not be entitled to any other contractual benefits during the period of layoff. Time spent on layoff status shall not be deemed to interrupt the continuity of employment for purposes of computing contractual benefits if recalled prior to the end of the two (2) year period. Any employee not recalled to work during this period shall lose all seniority rights and shall be treated as a new employee for all purposes.

Section 8

An employee recalled from layoff will be placed in the salary group to which the offered position is assigned. The step within the group shall be equivalent to the step the employee was in at the time of layoff, but based upon the salary schedule in effect at the time of recall.

Section 9

Recalled employees must respond in writing to a recall offer within one (1) week of the sending of the notice of recall, which notice shall be sent to the email address provided by the employee at the time of layoff or a letter to the employee's last known address. Any employee who fails to respond within one (1) week of such notice or otherwise refuses an opportunity to recall to a position in the same salary group or a higher salary group from which the layoff occurred shall have their name removed from the re-employment list.

Section 10

- a) The employer shall provide the Union on or about September 1st of each year an updated list of all bargaining unit employees which shall include the employee's address on file with the Employer and the date of hire.
- b) With respect to new employees, the Union will be notified within thirty (30) days of an individual's hire of the employee's name, address, title, salary, date of hire and work location.

Section 11

Officers of the Local shall have top seniority in cases of layoff. Officers are defined as the President, Vice-President, Secretary and Treasurer.

Section 12

The duties and responsibilities of positions existing on the effective date of this Agreement will not be unilaterally changed during this Agreement without prior notice to the Union and negotiations upon request.

Section 13

Two weeks-notice will be given to any employee before the employee is transferred.

Section 14

Involuntary transfers from a building will be made by seniority with the employee in that building with the least length of time at the Board of Education being transferred first, so long as the instructional needs of the school system are met, which needs shall be determined by the superintendent or his/her designee.

Section 15

The Board of Education and the City of New Haven agree that any Local 3429 member who is transferred or promoted to any position included in Locals 933, 884, 287, 68, 71 or 3144 shall be able to carry over all unused sick leave and vacation pay and further agree that his/her time in Local 3429 shall be credited towards vacation and longevity as applicable.

ARTICLE 7 **BULLETIN BOARDS**

Section 1

The Union shall be allowed bulletin board space in the school. Copies of any notice to be posted shall be submitted to the Principal or to the supervisor in those work locations where there is no principal.

ARTICLE 8 **SAVINGS CLAUSE**

Section 1

In the event that any federal or state legislation, governmental regulations, or court decisions cause invalidation of any Article or Section of this Agreement, all other Articles and Sections not so invalidated shall remain in full force and effect.

ARTICLE 9

- b) In addition to existing rights the Employer has or may have to recover Workers' Compensation payment from responsible third parties, the Employer shall have the right to

recover any payment made by it to supplement said benefits pursuant to paragraph (a) hereof from such a responsible party. If the employee recovers a judgment or otherwise settles his/her claim against a responsible third party, the Employer shall be reimbursed by the employee to the extent of the benefits paid by it.

- c) The employee agrees to hold the Union harmless with respect to any liability on the employee's part as above set forth

Sec. 2601. et seq. shall be granted up to the statutory allotted weeks of FMLA leave during a twelve (12) month period in accordance with the FMLA. Any accumulated paid sick and personal leave time must be exhausted first in situations where the leave being taken by the employee is covered by the FMLA. Paid leave time used as part of the FMLA leave shall be included in (and shall not be in addition to) the aforementioned statutory period of allowable FMLA leave. A medical certificate acceptable to the Superintendent or his/her designee shall be required for FMLA leave situations.

After the seventh (7th) day of consecutive calendar day absences and for a maximum duration thereafter of twenty-six (26) weeks, weekly benefits will be paid in the net amount of sixty-six and two-thirds percent (66-2/3%) of normal weekly straight time earnings, provided the employee is under the care of a licensed physician.
3. For all periods of any short term disability, the employee shall be considered to be an active employee and entitled to any and all benefits provided by the Collective Bargaining Agreement between the City and the Union.

Section 4 - Administration of Sick Leave

- A. The Director of Human Resources and Labor Relations for the Board will forward all requests under this Article to the Director of Human Resources for the City of New Haven, who shall be responsible for the administration of these provisions subject to the authority of the Controller's Office for the City of New Haven.
- B. The Board shall maintain a record for each employee of all sick leave taken, available and/or lost for each calendar year. These records shall be subject to inspection by the Controller's Office and he/she may require periodic reports to be submitted to him/her.

 - 2) A record of an employee's available sick leave in the pertinent calendar year shall be indicated on the employee's wage stub at established periodic intervals to be determined by the City, but not be less than once annually.

Section 5

Employees shall not be allowed to donate any unused sick leave days to fellow employees; however, they shall be able to donate such days to the Sick Leave Bank with the proviso that he/she cannot be the recipient of any days from the Sick Leave Bank.

ARTICLE 10
SCHOOL YEAR and HOURS OF WORK

Section 1

The work year for all paraprofessionals will commence with the first day of school for the students and shall terminate no later than June 30 of each year. During such period, there will be scheduled no more than 184 days.

Section 2

Changes in the above schedule may be made by the Board in case of emergency and/or liability to meet the minimum state requirements, resulting from unforeseen circumstances and changes in the needs of the community. When the schools are closed because of weather conditions, such days shall be "made up" as needed consistent with the established calendar and as needed to meet minimum state requirements.

Section 3

A yearly calendar shall be issued annually setting forth the scheduled school days and the days that school shall not be scheduled.

Section 4

Employees are expected to be on the job except for listed holidays and school vacations.

Section 5

The working hours for all bargaining unit members shall be as follows: paraprofessionals shall work a total of six and three-quarter (6.75) hours per day and shall, absent adjustments consistent with the language within this section, report to work fifteen (15) minutes prior to the start of the established student school day and shall complete their workday fifteen (15) minutes after the end of the established student school day for their particular school, with a one-half (1/2) hour duty-free lunch. The established student school day shall be based on the schedule in effect for the school year of each of the particular schools. Administrators are allowed to alter paraprofessional schedules to fit the needs of the school; as long as the six and three-quarter (6.75) hour day is not exceeded. Administrators are also allowed to stagger the schedules of each paraprofessional in his/her building as required by student needs. Should such established schedules change, the Board agrees to negotiate the impact of such change, if any, with the Union.

ARTICLE 11
GRIEVANCE PROCEDURE

Section 1

The term grievance as used in this Agreement shall mean any asserted violation of the specific terms or provisions of this Agreement.

It is understood by the parties that the intent of having a grievance procedure is to allow the Department to function in an orderly fashion and as such it is expected that all orders shall be

followed by all employees. Should a dispute arise, the employee is expected to carry out his/her assignment without delay and file his/her complaint in accordance with the procedure outlined in this Article. Failure on the part of an employee to carry out a direct order of a Supervisor will be considered insubordination for which appropriate disciplinary action will be taken.

The Employer and Union desire that all employees in the unit be treated fairly and equitably. It is intended that this grievance procedure will provide a means of resolving complaints and grievances at the lowest level possible and nothing in this Article should be interpreted as discouraging an employee and/or his/her representative from discussing any dissatisfaction, in an informal manner, with his/her immediate Supervisor, higher level supervision, or Department of Personnel representatives. Such discussions will not interfere with the right of any employee to process complaints through the grievance procedure.

Section 2

Step 1: An employee with a complaint shall first discuss the matter with his/her immediate Supervisor. In this discussion, the persons involved shall make an earnest effort to resolve the matter consistent with the terms of this Agreement. The Supervisor shall make whatever additional investigation is necessary and shall give his/her answer as soon as practicable, but within five (5) working days. It is agreed that most complaints should be settled at this step.

Step 2: If the employee is not satisfied with the answer at Step 1, he/she shall then reduce his/her complaint to writing, either on a form mutually agreed to by the parties or in a letter. Such complaint must contain the following information: (1) a statement indicating his/her decision to process his/her complaint through the negotiated grievance procedure; (2) a statement presenting, in a concise manner, the details of the complaint; (3) a statement outlining the relief sought; and (4) specific reference to the clause or clauses of the Agreement which the grievant feels have been violated. The employee and/or his/her chosen representative shall submit the written complaint to the Supervisor's corresponding Central Office Administrator or Assistant Superintendent within five (5) working days after receipt of the Supervisor's answer to Step 1 above. The Supervisor's corresponding Central Office Administrator or Assistant Superintendent shall give the Union a written answer to the complaint within five (5) working days.

Step 3: If the decision at Step 2 is not satisfactory the Union may appeal, in writing, to the Director of Human Resources and Labor Relations within ten (10) working days after receiving the decision of Step 2. Upon receipt of such an appeal, the Director of Human Resources and Labor Relations (or his/her designee) will investigate the complaint and make an effort to resolve it to the satisfaction of all parties. Prior to denying any complaint at this Step, the aggrieved employee and/or his/her representative, if any, shall be afforded the right to meet and discuss the grievance with the Director of Human Resources and Labor Relations or his/her representative. The decision of the Director of Human Resources and Labor Relations (or his/her designee) will be made as soon as practicable, but not later than fifteen (15) working days after receipt of appeal from Step 2.

Section 3

Any complaint which is not taken up with the employee's immediate Supervisor within fifteen (15) calendar days after the occurrence of the matter, out of which the complaint arises, shall not be presented or considered at a later date. The Employer agrees that extenuating circumstances may arise where an employee will not have knowledge, within the time limits prescribed, of the

matter which resulted in his/her becoming aggrieved and, in such instances, the Employer will give due regard and consideration to the time limits set forth above. Extensions to all time limits mentioned in this Article may be made by mutual agreement of the parties in writing.

Section 4

At Steps 2 and 3 of this procedure, the Employer and the Union shall be permitted to call no more than two (2) relevant witnesses. If either party wishes to call in additional witnesses, it will notify the other party.

Section 5

Where a grievance is general in nature in that it applies to a number of employees having the same issue to be decided, it shall be presented directly at Step 2 of the grievance procedure, within the time limits provided for the submission of a grievance in Step 1.

Section 6

Grievances will be heard at times most practicable to do so. Should times occur during periods other than normal working hours of the grievant and/or other Union representatives, the Employer shall accept no financial obligation for such time spent by the grievant and/or other Union representatives.

Section 7

The Union agrees that it shall cooperate with the Employer by making every effort to handle grievances in such a manner so as to cause a minimum of interference with normal operations of a Department.

ARTICLE 12 ARBITRATION

Section 1

In order to be considered, a request by the Union for arbitration must be received by the Director of Human Resources and Labor Relations (or his/her designee) within ten (10) working days after the next regular scheduled meeting of the Union's Executive Board following receipt of the Step 3 answer, but in no event more than forty (40) working days after receipt of the Step 3 answer of the grievance procedure. Grievances not appealed within this time shall be considered as resolved. The Union will provide the dates of the regularly scheduled Executive Board meetings on an annual basis to the Director of Human Resources and Labor Relations.

Section 2

Requests for arbitration must be in writing and contain the following items: (1) signed approval to arbitrate by the union; (2) the Section(s) believed violated; (3) the relief sought, and (4) a statement of the Union's position. In order that both parties may be fully prepared should a case go to arbitration, it is agreed that neither party may amend the references to the Article and/or Sections believed violated after receipt by the Director of Human Resources and Labor Relations of the letter requesting arbitration.

Section 3

Within ten (10) working days from the date of receipt of the arbitration request, either party concerned may write and request the use of the Connecticut Mediation and Arbitration Service unless both parties agree to use the American Arbitration Association.

Section 4

The arbitrator's fee and expenses shall be borne equally by the parties to this Agreement. The Employer and the Union shall also share equally the expenses of any and all mutually agreed upon services considered desirable or necessary in connection with the proceedings.

Section 5

The arbitrator(s) selected in accordance with the procedure described in Section 3 of the Article shall conduct a hearing at which the facts and arguments relating to the dispute shall be heard. It is contemplated that the Board and the Union shall mutually agree in writing as to the statement of the matter to be arbitrated prior to any hearing, and if this is done, the Arbitrator shall confine his decision to the particular matter that was specified; in the event of failure of the parties to so agree on a statement of issue to be submitted, the Arbitrator(s) shall decide upon an issue prior to commencing the hearing. In arriving at said issue the arbitrator(s) shall consider the statements of the issue by the respective parties and written statement of the grievance presented to the Director of Human Resources and Labor Relations in the letter requesting arbitration. The arbitrator(s) shall not have jurisdiction to make an award which has the effect of amending, altering, enlarging, or ignoring the provision of the Agreement in effect at the time of the occurrence of the grievance being arbitrated, nor shall the arbitrator have jurisdiction to determine that the parties have amended or supplemented the Agreement, unless this is agreed to as part of the issue to be arbitrated. The arbitrator shall have no authority to consider or rule upon any matter which is stated in this Agreement not to be subject to arbitration, which is not a grievance as defined in Article 11, above, or which is within the Board's or Management's discretion or control, or which is not specifically covered by this Agreement.

ARTICLE 13 **DISCIPLINARY PROCEDURE**

The Union recognizes the necessity for the administrative and supervisory staff to exercise full disciplinary authority, consistent with their duties and responsibilities to direct employees to perform the required work duties, in order to achieve department program goals and satisfactory services.

Section 2

All disciplinary actions shall be applied for just cause and shall be consistent with the nature of the infraction for which the disciplinary action is being applied.

Normally, disciplinary action shall include: (a) a verbal warning; (b) a written warning; (c) suspension without pay; and (d) discharge and shall ordinarily follow this order. Whatever disciplinary action management deems appropriate, the parties recognize that the merits of a given situation play an important role in determining what action is appropriate and as such, it is not the intent of the parties that all discipline will follow the order or steps cited above. It is the intent of the parties that whatever the action, such action shall be consistent with the principles of just cause.

Section 3

Disciplinary action shall be meted out by management within a reasonable period of time after management becomes aware of the infraction.

Section 4

All disciplinary actions may be appealed through the established grievance procedure except verbal warnings, which may be appealed to the Superintendent of Schools, or his/her designee.

Section 5

All suspensions and discharges must be stated in writing and a copy given to the employee and the Union.

Section 6

All verbal warnings and written warnings shall be removed from an employee's record after a period of two years if there has been no reoccurrence of the infraction and the employee has a good work record. All other disciplinary records i.e., suspension, loss of bidding rights, reduction in grade, shall be removed from an employee's work record after five (5) years if there has been no reoccurrence of the infraction and the employee has a good work record.

Section 7

Any employee discharged during his/her probationary period shall not have the right to appeal said discharge to arbitration under the terms of Article 13 of this Contract.

ARTICLE 14 **NO STRIKE-NO LOCKOUT CLAUSE**

During the term of this Agreement, the Union members, covered hereby, shall not engage in any strike, work stoppage, slowdown, or refusal to work, or mass resignation. Section 5

The City shall implement and maintain a Section 125 pre-tax wage deduction plan in accordance with applicable provisions of Section 125 of the Internal Revenue Code (and in accordance with any amendments to said provisions) so long as said provisions allow for such a plan. Said plan will be designed to permit exclusion from taxable income of the employees' share of health insurance premiums for those employees who complete and sign the appropriate wage deduction form. The City shall incur no obligation to engage in any form of impact bargaining in the event that a change in law reduces or eliminates the tax-exempt status of the employee insurance premium contributions. Neither the Union nor any employee covered by this Agreement shall make any claim or demand nor maintain any action against the City or any of its members or agents for taxes, penalties, interest or other costs or loss arising from the use of the wage deduction form or from a change in law that may reduce or eliminate the employee tax benefits to be derived from this plan. Further, the parties agree that the health insurance benefits and the administration of those benefits shall continue to be governed by the collective bargaining agreement and the carrier's terms and conditions.

Section 6

All new employees shall serve a probationary period of one hundred twenty (120) working days. Such employees shall be considered at-will employees for the probationary period. However, new employees shall be eligible for health benefits on the first of the month after sixty (60) calendar days of employment. Section 3: Testing Based Upon Reasonable Suspicion

- A. Purpose: This section is intended to specify the methods to be used by the City when an employee's conduct, behavior, demeanor or statements have created reasonable suspicion that he or she has engaged in "substance abuse." Substance abuse is defined for purposes of this section as the ingestion of an illegal drug or the abuse of alcohol or of a legally prescribed drug.
- B. Voluntary Disclosure and Employee Assistance:
1. An employee who has completed his or her initial probationary period with the City and has engaged in substance abuse and voluntarily discloses this issue to his/her Department Head and requests treatment and rehabilitative assistance shall be given assistance under the City's Employee Assistance Program. Access of this type shall be limited to two occasions, provided that he or she has not previously failed to comply with the requirements of the program during a prior enrollment. - E. Preliminary Determination of Reasonable Suspicion of Substance Abuse:
1. An order to undergo a test pursuant to this agreement shall be based on preliminary and final determinations of reasonable suspicion of substance abuse by designated supervisors. A supervisor shall base his or her preliminary determination on facts regarding the conduct, behavior, demeanor and statements of the employee observed by that supervisor or reliably and speedily reported to him or her. This preliminary determination shall be followed by a final determination by a second supervisor who must confirm the preliminary determination in order for testing to be ordered.
 2. Designated supervisors shall be the Department Head, Deputy Department Head and any supervisor acting in the capacity of the Department Head or Deputy Department Head. The City shall provide training for such designated supervisors, but the lack of such training of a particular supervisor shall not prevent his or her determination of reasonable suspicion of substance abuse, unless the lack of training is shown to have undermined the reliability of the determination.

F. Order to Undergo Test:

1. When a designated supervisor makes a determination based on reasonable suspicion and that determination is confirmed by a second supervisor, the employee shall be informed of this preliminary determination and shall be immediately relieved of duty. The employee shall be entitled to Weingarten representation rights by a bargaining unit representative.
2. Following the determination, the employee shall be directed to immediately report to the designated testing facility. It is expected that the test will be administered within two (2) hours following the determination.

In addition, an employee who elects participation in the Employee Assistance Program shall be required to authorize the release of these records to the personnel utilized in that program.

I. What Constitutes a Refusal to Take a Test: The following actions may constitute a refusal to take a drug or alcohol test:

- Blatant refusal to submit to the testing procedure or engaging in any conduct that clearly obstructs the testing process; including being unavailable for testing;
- Failure to provide an adequate amount of breath for an alcohol breath test without a valid medical reason;
- Failure to sign the alcohol testing form;
- Failure to submit to a confirmation test for alcohol after a positive result;
- Failure to endorse items to verify chain of custody for any specimen;
- Failure to provide sufficient amount of urine for a drug test without a valid medical reason;
- Failure to provide necessary identification before submitting to test;
- Failure to remain available for such testing.

J. Consequences of Refusal to Take a Test: The consequences for refusal to take a required drug or alcohol test are the same as if the employee had tested positive for drug or alcohol use, as listed in Section 10 of this Policy. In addition, the refusal shall constitute insubordination and the employee shall be subject to discipline.

K. Cost of Required Tests: The City shall pay for the following tests:

- Pre-employment drug testing;
- Random testing;
- Reasonable suspicion testing;

- Return to duty drug testing; and
- Follow up testing.

The employee shall be responsible to pay for the following tests:

- Split analysis testing.

- L. Transportation: The City will provide transportation for the employee to the testing facility when the employee is being tested under reasonable suspicion procedures. The City shall provide transportation for an employee to the employee's home when the employee tests positive under these procedures.

Section 5: Post-Accident Testing

As soon as practicable following an accident, each surviving employee will be tested for alcohol and controlled substances when (1) the accident involved a fatality or serious injury or (2) the employee received a citation for a moving traffic violation. An accident is defined as an incident involving a motor vehicle or industrial safety in which there is a fatality, an injury treated away from the scene or a vehicle required to be towed from the scene.

An employee who is subject to post-accident testing must remain available for such testing, or the City may consider the employee to have refused to submit to it.

The City should make every attempt to test an employee for alcohol within two hours and for drugs within 32 hours of an accident. If an alcohol test has not been given within 8 hours of the accident, or a drug test has not been given within 32 hours, the City must cease trying to administer such test and must prepare and maintain on file a record stating the reason why the appropriate test was not promptly administered.

The requirements of this section should not be construed to require the delay of necessary medical attention for injured people following an accident or to prohibit an employee from leaving the scene of an accident for the length of time necessary to obtain necessary emergency medical care or to obtain any other assistance necessary at the accident site. However, employees must remain available for testing and shall not consume alcohol or drugs until the post-accident test has been performed.

Section 6: Return to Duty Testing

If an employee has engaged in prohibited conduct regarding alcohol and/or drug misuse, the employee must undergo a return to duty test prior to returning to the job. The test must indicate a breath alcohol concentration of less than 0.02 or a verified negative result for drug use, as

applicable. When an employee engages in prohibited conduct, the City must advise the employee of the resources available to evaluate and resolve drug and/or alcohol problems through the EAP program. In addition, each employee who engages in prohibited conduct must be evaluated by a substance abuse professional (SAP) who shall determine what assistance, if any, the employee needs in resolving drug and/or alcohol problems.

On a first offense for a positive alcohol test, if the SAP determines that the employee requires assistance in handling an alcohol problem, the employee must properly follow the prescribed rehabilitation program. If the rehabilitation program requires time off, said time off will be granted with or without pay for up to sixteen weeks without a loss of seniority or benefit eligibility. During the period of rehabilitation the employee may elect to use any accrued vacation or sick time. Any paid time off (vacation or sick time) used in accordance with this provision shall be subtracted from the sixteen-week entitlement referred to herein.

On a first offense for a positive drug test, if the SAP determines that the employee requires assistance in handling a drug problem, the employee must properly follow the prescribed rehabilitation program. If the rehabilitation program requires time off, said time off will be granted with or without pay for up to sixteen weeks without a loss of seniority or benefit eligibility. During the period of rehabilitation the employee may elect to use any accrued vacation or sick time. Any paid time off (vacation or sick time) used in accordance with this provision shall be subtracted from the sixteen-week entitlement referred to herein.

When an employee has properly followed the prescribed rehabilitation, the employee must then be reevaluated by the substance abuse professional. If the SAP determines that the employee has properly followed the rehabilitation program, then the employee must undergo a return to duty test with a negative result as prescribed herein before being allowed to return to the performance of his job. In the event the employee fails to comply with the prescribed rehabilitation or fails to pass a return to duty test he or she shall be subject to further discipline up to and including termination.

Section 7: Alcoholic Beverages

- A. No alcoholic beverages will be brought onto City premises, or consumed while on City premises. The Department will invoke appropriate disciplinary action for any violations.
- B. Drinking or being under the influence of alcoholic beverages while on duty is cause for discipline.

Section 8: Prescription Drugs

- A. No prescription drug shall be brought upon City premises by any employee other than the employee (or members of the employee's immediate family) for whom the drug is prescribed by a licensed medical practitioner, and shall be used only in the manner, combination and quantity prescribed.
- B. Where the employee has been informed that the use of a prescribed drug may pose a risk to the employee or others, the employee shall so advise his/her Department Head or Deputy Department Head.

Section 9: Illegal Drugs

- A. The use or possession of an illegal drug or controlled substance by an employee on duty is cause for suspension or termination, and/or referral for criminal prosecution.
- B. The sale, trade or delivery of illegal drugs or controlled substances by an employee on duty to another person is cause for suspension or termination, and/or referral for criminal prosecution.

Section 10: Procedures

The procedures of the City of New Haven in regard to an employee using, possessing or being under the influence of alcohol, drugs or chemicals while on duty are as follows:

- A. An employee shall report to his place of assignment fit and able to perform his required duties and shall not by any improper act render himself unfit for duty.

STEP 1: Any Supervisor who has cause to suspect that an employee is under the influence of alcohol, drugs or chemicals shall immediately relieve said employee from duty with pay in order to protect said employee, fellow employees and the public from harm. Supervisors shall receive training by certified drug and alcohol experts on how to detect and process substance abuse cases.

STEP 2: The Supervisor shall immediately notify the Department Head, or in his absence, the ranking supervisor. Any employee being interviewed and/or tested may consult with and be accompanied by a representative of the Union. The Union representative may confer with and advise the employee before and after the testing process, but shall not participate in the process in any way except as an observer. The interview/testing process will not be unreasonably delayed simply because a Union representative is unable to be present.

STEP 3: The Department Head, or in his absence, the ranking supervisor shall interview the employee concerning alleged alcohol or controlled substance abuse. Such interview shall be conducted in order to document the reasons and observations of the interviewers and to ascertain from the employee any recent use of prescribed drugs or non-prescribed drugs, or any indirect exposure to drugs that may result in a positive test.

STEP 4: If the interviewers document cause, then the employee will be given the following option(s):

- a) The employee may resign or retire, if eligible, without penalty or prejudice.
- b) The employee can claim that he/she is not under the influence of alcohol or illegal drugs.
 - 1. If there is no criminal investigation pending, the employee can admit there is cause for reasonable suspicion of alleged alcohol or substance abuse, and shall, within 24 hours, enroll in an Employee Assistance program (EAP).

STEP 5: If the employee chooses paragraph (b) in Step 4, the test procedures set forth herein may be ordered by the Department Head or, in his absence, the ranking supervisor. A positive test shall result in the following discipline:

- 1. The first offense shall result in an immediate two (2) day suspension without pay.

2. Second offense shall result in an immediate five (5) day suspension.
 3. Third offense shall result in immediate termination.
- B. The employee shall have the right and shall not be denied the right to the presence of a Union Representative during any part of these procedures.

TESTING PROCEDURES

What are the testing procedures for drugs?

All drug testing will be done from urine specimens collected under highly controlled conditions at the following location: St. Raphael's Occupational Health & Rehabilitation Services at 789-3530. The person collecting the urine sample will be the same gender as the employee submitting the sample. The collection site will be secured to prevent any tampering or switching of samples. The City reserves the right to change and/or add providers.

When the employee has submitted a specimen, the collection person will determine whether there is a sufficient amount of urine for testing. If there is not enough, the employee may be asked to drink fluids and wait until the employee is able to provide a sufficient amount of urine to test. The urine collected from each employee will be divided into two different sample containers. This is known as a split specimen collection. The person collecting the specimen will divide the specimen into the two containers in the presence of the employee and will label both accordingly. The employee must ensure that the split samples are both accurately marked with the correct identification.

The primary sample is then tested for the presence of drugs, while the second or "split" sample is stored in a secured, refrigerated location. The initial test is the immunoassay test, which screens the sample for usage of the five (5) classes of drugs. The second test is a confirmation test. The labs that perform the tests must be certified by the Federal Department of Health & Human Services.

The testing program will address eleven (11) drug/drug types: Amphetamines, Barbiturates, Benzodiazepines, Cocaine Metabolite, Opiates, Oxycodone, Phencyclidine (PCP), Marijuana (THC) Metabolite, Methadone, Methaqualone, and Propoxyphene. The positive levels for the eleven (11) classes of drug tests are in the table below:

Initial Test Analyte	Initial Test Cutoff Concentration	Confirmatory Test Analyte	Confirmatory Test Cutoff Concentration
Amphetamines	300 ng/mL		500 ng/mL
Barbiturates	300 ng/mL		300 ng/mL
Benzodiazepines	300 ng/mL		300 ng/mL
Cocaine Metabolites	300 ng/mL	Benzoyllecgonine	150 ng/mL
Opiate Metabolites	2000 ng/mL		2000 ng/mL
Oxycodone	100 ng/mL		100 ng/mL

Initial Test Analyte	Initial Test Cutoff Concentration	Confirmatory Test Analyte	Confirmatory Test Cutoff Concentration
Phencyclidine	25 ng/mL	Phencyclidine	25 ng/mL
Marijuana Metabolites	50 ng/mL	THCA	15ng/mL
Methadone	300 ng/mL		300 ng/mL
Methaqualone	300 ng/mL		300 ng/mL
Propoxyphene	300 ng/mL		300 ng/mL

*ng/ml means nanograms per milliliter. A nanogram is one billionth of a gram. A milliliter is one thousandth of a liter.

If the results of the initial test are negative, the testing laboratory will so advise the Medical Review Officer (MRO). The MRO is a licensed physician not employed by the testing laboratory who interprets the drug test results. The MRO's role includes making determinations that other factors besides drugs may be affecting a particular test result, and the MRO may conduct sessions with individual employees to learn more about their medical histories and other factors which might influence a test result.

If the results of the initial test exceed the test levels for any of the eleven (11) drug/drug classes, a second (confirmation) test is performed. This test is done differently by using gas chromatography/mass spectrometry techniques. Only specimens that are confirmed positive on the second or confirmatory test are reported positive to the Medical Review Officer for review and analysis.

If the test result of the primary specimen is positive, the employee may request the Medical Review Officer to send the second (or split) specimen to a different certified lab for testing. If the result of the test of the split specimen is "negative", the MRO shall cancel the test. If an employee wants the split specimen tested, he or she must advise the MRO within seventy two hours of being notified of the positive test result of the primary specimen.

The City will keep a record in the employee's file showing the type of test (pre-employment, periodic, etc.); date of collection; location of collection; entity performing the collection; name of the lab; name of the MRO; and the test results.

What are the testing procedures for alcohol?

Alcohol testing is done by testing breath, using a device called an Evidential Breath Testing Device (EBT). The EBT is a scientific instrument that determines the concentration of alcohol in the bloodstream by analyzing a specific amount of exhaled breath. The test result is a number representing the blood alcohol concentration (BAC), which is expressed in grams of alcohol per 210 liters of breath. The EBT prints outnumbered copies of the test results. A BAC of 0.04 or greater indicates alcohol impairment. A BAC between 0.02 and 0.04 indicates likely alcohol impairment. A BAC less than 0.02 indicates no alcohol impairment.

People who have been trained and certified as breath alcohol technicians (BAT) will conduct the tests, check the EBT prior to testing to ensure its accuracy, and conduct the tests. Testing should be conducted in an area that allows the employees as much privacy as is feasible. The tester will remain present at all times during the testing procedure.

First, in the employee's presence the BAT makes sure that the EBT is responding accurately. Then, a sealed mouthpiece is opened and placed into the device. The employee is required to blow into the mouthpiece for at least six seconds or until the EBT indicates that it has obtained a sufficient amount of air to test. The EBT will then print the test results, with a copy given to the employee.

If the initial test shows a reading less than 0.02 the test is recorded as "negative". If the initial test results indicate a BAC of 0.02 or greater, a confirmation test will be conducted, after a fifteen (15) minute interval has passed to make sure that the sample was not tainted by recent use of food, tobacco, or other products. The confirmation test is done on the same EBT as the first test. If the two results are different, the confirmation test results are controlling. At this point, the breath alcohol test is completed; the employee must sign the testing form and be provided with a copy.

Substance abuse testing that currently exists under the Commercial Driver's License (CDL) Policy shall continue pursuant to the terms of the policy. In addition, the policy may be extended by the City to all employees who operate City vehicles. In the event the City decides to extend the policy to all drivers, it shall first notify the Union in writing of its intent and the date of the implementation.

The parties understand that the testing means and methods defined herein represent the current standard in the industry for such testing. As such, any testing defined in any City policies that are not consistent with the means and methods defined herein shall be considered updated to conform with this policy. The parties recognize that industry standards may change during the life of this policy. Any such changes shall be negotiated pursuant to the requirements of MERA. The parties agree to review the means and methods defined herein at reasonable intervals and to update such methods when required. The goal of the parties shall be to promote the most efficient, effective and accurate methods available.

City of New Haven Preventive Health Program

Objective

The City of New Haven is seeking to develop an employee incentive program that encourages their member population to obtain appropriate preventive care screenings, recommended by age and gender, in an effort to promote healthier lifestyles and enable members and providers to identify potential health issues that may impact the quality of life for the member and require immediate treatment planning.

Overview of Program

A. PCP Designation

Members must designate a PCP for self and spouse*

- EPHC PCPs provide member with lower office visit copay
- Non-EPHC PCPs: Standard member copay amount

**Please note, PCP designation can be entered on the application at the time of enrollment in the members health plan option*

B. Preventive Health Measures

Members are encouraged to comply with specific preventive health measures:

<u>Preventive Screening/Service</u>	<u>Age/Gender</u>	<u>Frequency</u>
Preventive Screening	18 +; Male and Female	Annual
Glucose Screening	18+ Male and Female	Annual
Cervical Cancer Screening	21 + Female	Every 3 years
Dental Cleaning	All ages; Male and Female	Annual
Breast Cancer Screening	40+; Female	Baseline at age 40
Colorectal Cancer Screening	50+; Male and Female	Baseline at age 50
Prostate Cancer (PSA)	50+; Male	Baseline at age 50

C. Chronic Health Conditions Compliance

Members with the following chronic health conditions who are identified to participate in Anthem's ConditionCare disease management program, must actively participate in program:

- Asthma
- Diabetes
- COPD
- CAD
- Heart Failure

HIP PROGRAM DETAILS

Under the Health Incentive Plan (HIP) the member will be required to:

1. Designate a PCP, each covered individual will have to identify a doctor as their personal physician with Anthem.
2. Have the recommended preventative screenings and/or physical examination with a physician as is age and gender appropriate
 - Annual Biometric screenings, BMI, glucose, blood pressure & cholesterol (for most members this is part of the annual physical)
 - Cervical cancer screening for females over 21 every 3 years
 - Baseline mammogram for females over 40
 - Baseline colonoscopy for all after 50
 - Prostate screening for males over 50
 - At least one routine dental checkup and cleaning annually
3. Chronic Health Compliance – members who have been identified with certain chronic health conditions must participate in the ConditionCare Disease Management program. Compliance is based solely on participation, for example, does the member take the phone call from the nurse case manager who will monitor medication usage and the like. It is not based on any clinical outcome.
4. More particularly, members are identified based on clinical data by Anthem, and then they are contacted by a case manager from Anthem, who reviews their treatment and medication, etc. to help insure they are managing their condition properly. Please note that ConditionCare is already part of your plan today. Members with these diseases are already being contacted. All the HIP does is require them to take the phone call and interact with the case manager and not ignore the call as happens today.
5. Tracking Compliance – Compliance will be tracked on a calendar year basis, then it will take several months to contact those not in compliance before instituting the penalty payment the following July 1st. It will work as follows:
6. Assuming this contract is settled and effective July 1, 2017, the Board would not actually begin tracking HIP compliance until calendar year 2018. The Board will receive data from Anthem in February of 2019 for the previous calendar year and contact all those not in compliance. They would then have until June to get in compliance or furnish documentation that they were already in compliance.

Those that do not would begin paying the additional monthly medical deduction in July of 2019. They will pay that additional fee for each month they remain non-

compliant; as soon as they are in compliance, however, the additional fee will be removed.

7. The penalty will be an additional monthly charge for medical of Single \$50, Two Person \$75 and Family \$100. It does not matter how many items you are in non-compliance on, one or more, the penalty is the same. The member can appeal the penalty. More importantly, they will have to have been notified several times in writing prior to any penalty being implemented. The Board will review for compliance annually on a calendar year basis. Any penalties will not be assessed until the following July 1st.

No member will ever be fined for following the advice of their doctor. The ConditionCare program and the nurse case manager are only involved to reinforce what the doctor is advising, not replace it.
