The Honorable Charles Decker

Chair, Legislation Committee

Board of Alders, City of New Haven

November 12, 2020

Dear Alderman Decker and Honorable Legislation Committee Members,

I am writing today to express my support for the proposed amendment before your committee concerning refuse collection noise control. The proposed amendment addresses an exceptionally important quality-of-life issue, loud noise by trash and recycling trucks during the middle of the night, a time of restful sleep.

I have lived on Audubon Street in downtown New Haven for over seventeen years. For years, private trash and recycling trucks have done their work too early in the morning (sometimes as early as 2, 3, and 4 AM). This is a major disturbance of the peace.

The GPS proposal, which I support, would provide a tool for actual enforcement and should deter violations of the sanctioned 5 AM pick up time.

Thank you for your consideration of this matter and my support of the proposed amendment.

Please take action to benefit the residents of Downtown New Haven.

Yours sincerely,

/s/

Arthur Nacht
