Dear Board President Tyisha Walker-Myers,

I am writing to ask you and the Board of Alders to please consider passing the attached resolution in support of the Medicare for All Act of 2021. There is a growing movement here in New Haven and around the country to recognize that healthcare should be a human right, and not just a privilege for the select few. In this time of rising health care costs for the city and its residents, we believe that the time for a single-payer Medicare for All system, which includes every single man, woman, and child in this country, has arrived.

I write this letter on behalf of a coalition of New Haven residents who support Medicare for All, and would be truly honored for the chance to speak with you about the issue at a time convenient to you.

Sincerely,

James Bhandary-Alexander
