LCI - Acquisition	\$ 35,000	City Activity - LCI's goal under the acquisition program is to rehabilitate, preserve, restore and conserve structures and properties with the goal of returning acquired property to the tax base via low/moderate homeownership or low/moderate rental units. Equally important is the utilization of acquired properties to enhance the quality of life of City residents and support public works, facilities and improvements. The success of LCI's acquisition program, as it correlates to LCI's mission, is the ability to provide property for commercial development, park or recreational uses, housing ownership opportunities, or other uses which will contribute to the general health of residents and provide safer, more stable neighborhoods. Eligible expenses under this program will be activity delivery costs, land cost, surveys, appraisals, title searches and other costs necessary to affect acquisition. Funding will be used in the CDBG eligible neighborhoods of Fair Haven, Dwight, Newhallville, Dixwell and Hill.
Habitat for Humanity	\$ 40,000	Habitat for Humanity requests CDBG funding to assist with the acquisition of six vacant lots or single-family homes in the Hill, Newhallville, Fair Haven, Fair Haven Heights, Amity or West Rock neighborhoods. Habitat will construct or substantially rehabilitate these acquired properties to create six new single-family energy efficient homes which will be sold to low income working families. Habitat for Humanity builds single-family homes in partnership with a qualified low-income family or individual. Potential homeowners must have incomes between 30-60% of the AMI and are required to help build their homes with a minimum of 400 hours of volunteer labor or "sweat equity". Homes are sold at below cost with a zero percent interest 25 year mortgage held by Habitat. No bank financing is involved. CDBG funds are used for property acquisition only. Construction is financed with leveraged funding from a variety of sources including private foundations, financial institutions, corporations, religious congregations and donations from private individuals. <p><b>PUBLIC IMPROVEMENTS</b></p>

The side entrance and parking area will also be enhanced with new LED fixtures to increase safety and security for staff and program participants. The City will also purchase and install audio equipment for the observation rooms, providing enhanced services to families.</p>

Boys & Girls Club of New Haven (United Workers, Inc.)	\$ 20,000	253 Columbus Ave.: The Boys and Girls Club Clubhouse was built in 1989 and very little work to the infrastructure has been done in the 30 years since the building was opened. Last year, CDBG funds were allocated to support heating unit replacement. This year, funds are being requested to complete the air quality improvements with replacing the facility's mounted AC units to enhance and improve air quality. In preparing for the roof being replaced in the near future, the units will be raised to be ready for future improvements.
LCI - Public Improvements	\$ 25,000	City Activity: The Administrative Services Division of LCI uses public improvements funding on permanent improvements. The Activity must be in an income-eligible census tract, or the facility must provide services for predominately low/moderate income clients (at least 51% of the beneficiaries).
Leadership, Education and Athletics in Partnership, Inc. (LEAP)	\$ 20,000	31 Jefferson St.: LEAP seeks funds to support key renovations of the LEAP Community Center in New Haven's Wooster Square neighborhood. LEAP's community center provides a safe place for academic enrichment, college preparation, athletics, swim classes, dance instruction, arts, gardening and cooking classes (all free of cost). The building is one of the oldest continuously operating youth centers in the country and was built over 100 years ago. <b>The proposed repairs include replacing the wooden floors of the dance studio and gym as well as making needed repairs to the HVAC system.</b> These renovations are essential in a 100-year-old building, which has sustained a lot of wear and tear over the decades. Much of the damage to the flooring of the dance studio and gym is due to water damage from an old and leaky roof (which was recently replaced with skylights). HVAC repairs are also long overdue. While some improvements to the HVAC system have been made over the past year, there remains a strong need for funding assistance to replace the building's boiler and re-insulate the building to prevent spikes in temperature during the summer and drops in temperature in the winter, which greatly hinder building usability. Funds will be used toward the cost of hiring contractors to carry out the aforementioned repairs to the dance studio, gym, and HVAC system. The community center serves over 1,300 children and adults annually.

The Mary Wade Home, Inc.	\$ 25,000	118 Clinton Avenue: Funds will be used to purchase and install new commercial carpet at the Kimberly Acute Care and Short-term Rehabilitation Center. Mary Wade serves many of the oldest and frailest seniors living in Greater New Haven, with a total population of 210 on any given day. The Kimberly Center's 94 care beds are usually filled to capacity. As such, the Kimberly Center's corridors and other areas must withstand a great deal of heavy use each day, through foot traffic, wheelchairs, medical equipment, meal carts, and other use. Through nearly 15 years of routine use, there are many worn, uneven and torn/threadbare areas in the Kimberly Center's carpets. Unfortunately, this situation creates some walking and tripping hazards for residents, patients, visitors and staff. Despite frequent proper cleaning, the flooring cannot be restored to "like new" condition. The project involves replacing the 15-year-old floor coverings in the Kimberly Center with new, low-maintenance commercial-grade carpet tiles that will ensure a healthier care environment for patients, residents, staff, and visitors. With this project, the environment of care within the Kimberly Center will be safer, cleaner and more hygienic, and contribute to the health of 300 patients/residents, staff, and many visitors.
<b>REHAB/PRESERVATION</b>		
LCI - Code Enforcement	\$ 1,113,998	City Activity: The Code Enforcement program will proactively enforce local housing, building, health, fire and zoning codes and eliminate and reduce slum and blighting influences in the City. CDBG funded Code Enforcement activities are conducted in the City's low- and moderate-income areas, which include Census Tracts 1402, 1403, 1405, 1406, 1407, 1413, 1415, 1416, 1421 and 1423. These tracts correspond with the City's Dixwell, Dwight, Newhallville, Fair Haven, Hill and West Rock neighborhoods. In accordance with CDBG regulations it allows the City of New Haven to adequately staff the Code Enforcement Division with Inspectors capable of working with other Departments to enforce code compliance in targeted deteriorating geographical areas and to implement a program (Livable City Initiative program) aimed at arresting further deterioration of its housing stock. The City implements a Code Enforcement Program under CDBG with the purpose of providing daily housing inspections, follow up and data entry, interdepartmental referrals to police, fire and health, as needed. Code Enforcement also coordinates the Residential Licensing Program and Section 8 inspections on behalf of the Housing Authority prior to rental. Proactive programs such as the Residential Licensing Program are required by Ordinance for every rental unit in the City of New Haven, All rental units are to have a posted rental license that the unit is up to state and local codes prior to occupancy. Each geographical location has a Code Enforcement Inspector and Neighborhood Specialist that surveys the neighborhood daily for compliance issues, blight, vacant buildings, and surveys the housing stock for deterioration and unsafe structures that may need to be referred for condemnation if found to be unfit for human occupancy. The Housing Code Enforcement division responds to tenant issues, City Departments, social service agencies and the general public. Citations are given for housing code violations and penalties are levied for non-compliance. All referrals and tenant issues are logged into a central data base for tracking and reporting purposes.

Continuum of Care - 501 Quinnipiac Serenity House	\$ 33,600	501 Quinnipiac Ave.: Continuum of Care, Inc. provides comprehensive residential services, case management, crisis services, and housing support services to adults challenged by psychiatric disabilities, developmental disabilities, homelessness, and substance abuse treatment needs while maintaining their rights and dignity as productive members of society. Continuum of Care (CoC) is requesting funds to rebuild an original second-floor deck at one of its Extended Living Programs, Serenity House, located at 501 Quinnipiac Avenue in New Haven. The current second-floor deck is part of the original construction and is showing signs of age and deterioration, as well as not being up to current building code. This creates a significant safety concern, as this deck is also used as supplemental egress in the event of emergency evacuation. The reconstruction of the second-floor deck will increase safety for the residents and staff of this facility, serve as a safe and stable egress in the result of an emergency, and ensure the building is up to code. 5 individuals reside in the structure.
Marrakech - 615-617 Whalley Ave	\$ 13,000	85 Englewood Drive: Marrakech owns a 3-unit building at 615-617 Whalley that currently houses 5 individuals. These individuals have disabilities and receive services from Marrakech. The funds requested will support the renovation of the bathroom in the first-floor unit to allow for the tenants to age in place. The renovations proposed will make the bathroom safer and more accessible. The bathroom renovation will benefit the 2 persons occupying the first-floor unit.

Ensuring our clients have access to these kinds of services allows us to fulfill our mission to help displaced people establish new lives, regain hope, and create self sufficiency. IRIS requests funds to support the salary of a SUN case manager. Case management lies at the heart of IRIS's approach to assisting newcomers in meeting basic needs and integrating into the community.
